G. 5th December 1854, No. 288,) Regimental Officers who were in the Service on the 1st February, 1854, wishing to abide by the old Furlough Regulations must signify their wish on the *first* occasion of applying for leave either on private affairs or medical certificate and whether within or out of India.

**MONTHLY RETURNS OF DIVISIONS TO SHOW THE DATE
OF OFFICERS MAKING OVER CHARGE OF DEPARTMENTS
OR QUITTING STATION ON ANY LEAVE OF ABSENCE.**

G. O. C. C. No. 101, 13th December, 1854.—Monthly Returns of Divisions (including returns of Medical Department) furnished to the Adjutant General of the Army, are to show the date upon which every Officer borne by name upon the return makes over charge of his Department or quits his Station on any leave of absence he may obtain whether on medical certificate or private affairs;—excepting leave (1 month in 6) granted under the provisions of para. 4, Section XVIII, page 273, General Regulations;—and such date is to be kept up until he resumes his former duties or is nominated to some other duty; the date upon which an Officer resumes his duties after absence is likewise to be shown.

2. Staff Officers not borne upon the above returns, and Military Officers in Civil, or Political, employment are re-

quested to report to the Adjutant General of the Army, the dates upon which they proceed on, and rejoin from, any leave granted to them in General Orders.

Failing such reports the whole period of leave as published in General Orders will be debited against their period of Service.

CERTIFICATES TO BE FURNISHED IN SUPPORT OF CLAIMS OF EUROPEAN SOLDIERS TO GRATUITY.

G. O. C. C. No. 103, 14th December, 1854.—With the sanction of Government the Commander-in-Chief is pleased to direct that the following Certificate shall in future be furnished in support of claims of European Soldiers to Gratuity in substitution for that laid down in G. O. G. 18th and 24th July 1837, Nos. 133 and 201.

Gratuity Certificate.

“Certified that the above Roll contains a correct record of Service, and that I consider Gunner Aitkens from his general good conduct, worthy of receiving the Gratuity allowed to well behaved men after 12 years’ service.”

2. His Excellency further directs it to be notified that, in accordance with the practice in the Bengal Presidency, when a Soldier has once received the Gratuity he will not in future be required to refund any portion of it on applying for his discharge prior to the expiration of the period of service for which he enlisted.

3. Agreeably to the foregoing order, para. 7, Section IX, General Regulations, Head “Discharges” is cancelled.

C. 19th March, 1840, republishing the order of 1st June 1839, on the subject of the issue of Good Conduct pay to Native Troops, the Commander-in-Chief is pleased to cancel the final para. (7) of the said order, which requires all exclusions from Good Conduct pay to be reported to the Adjutant General for the confirmation of the Commander-in-Chief.

2. The terms "under the orders" or "by order of the Commander-in-Chief," are accordingly under sanction of Government to be omitted in the forms laid down in G. O. C. C. 1st November, 1838.

3. His Excellency further directs that when any Native Soldier is awarded a minor punishment involving prospective exclusion from Good Conduct pay and may deny the com-

mission of the offence imputed to him, he shall have the right to demand trial by Court Martial instead of undergoing the punishment and suffering the consequences of the necessary entry in the Regimental Defaulter Book: and an intimation of this privilege is always to be made to the Soldier who may assert his innocence of the offence imputed to him.

SUPPLY OF MALT LIQUOR TO CANTEENS OF EUROPEAN REGIMENTS.

G. O. G. No. 7, 9th January, 1855.—With reference to the General Orders by the Most Noble the Governor General of India in Council, dated Fort William, 27th October, No. 33 of 15th Feb. 1853. 1854, the G. O. G. dated as per margin " 207 of 11th Oct. " are cancelled, and the following Orders relative to the supply of Malt Liquor to Canteens of European Regiments through the Commissariat Department, are published in supercession thereof—to take effect from the 1st January, 1855.

1. Ale and Porter will be imported from England and kept under charge of the Commissariat Department, at the risk of the State, for issue to Canteens of European Corps in the Madras Presidency.

2. Commanding Officers of Regiments will furnish Commissariat Officers of Divisions, annually on the 1st of May,

commencing on 1st May, 1855, with statements of the probable number of hogsheads of Ale and Porter that will be required for their Canteens during the following official year. Copies of these statements are to be sent by the Commissariat Officers of Divisions to the Commissary General, without delay, for transmission to the Home Authorities.

3. On the arrival of Malt Liquor at Madras, it will be surveyed by a Committee composed of the Deputy Commissary General as President, and the Officers of the Canteen Committee of the Regiment in Fort St. George and a Medical Officer from the Garrison as Members. The Ale and Porter landed at other stations will be carefully surveyed by competent Committees assembled by order of the Officers Commanding.

4. Commanding Officers will indent on the Executive Commissariat Officer monthly for the number of hogsheads of Ale and Porter that will be required for the following month's expenditure. The quantity so required is to be examined on the 1st of the month, and the casks are to be filled up in the Commissariat stores in presence of, and after approval by competent persons, to be deputed by the Commanding Officer for that purpose; after which the liquor is to be removed and is to be at the risk of the Regiment taking it.

5. The Ale and Porter will be issued to Canteens &c. from the 1st January 1855 at one uniform price viz. (Rs. 47-4-0) Rupees forty-seven and Annas four per hogshead, so as to be retailed to the Troops at Annas (3) three per quart, or one and half ($1\frac{1}{2}$) Anna per pint, whether in garrison or marching, the contents of each hogshead being calculated at gallons (63) sixty-three. The quantity of Malt Liquor so issued in retail is not to exceed one quart per diem for each man, whether he draws his Government allowance of spirits or not, calculated at the strength of Corps and Detachments respectively, and it will be the duty of Commanding Officers, under instructions from His Excellency the Commander-in-Chief, to frame their annual indents accordingly.

6. Where there may be no Canteens, the Commissariat Department will, as heretofore, arrange for issuing the Malt Liquor at the fixed retail price of (3) three Annas per quart, or ($1\frac{1}{2}$) one and half Anna per pint, and also, at the same rates and in the same quantities, to Non-Commissioned, Officers and others who cannot receive the Liquor from Canteens where they exist.

7. On occasion of any Regiment or Detachment quitting Cantonments, the Commissariat will receive back into store casks which have not been opened or broached.

8. Commanding Officers of Regiments and Detachments under orders to march, are to give previous intimation to the Commissariat Department of the quantity of Ale and Porter that will be required on the road, or Commanding Officers may procure it at the several stations through which they pass.

9. Bottled Porter will likewise be supplied in garrison, and also in limited quantity on the line of march, at Annas (3) three per quart bottle, empty bottles being returned to the Commissariat Department.

10. All communications regarding the supply of Ale and Porter to the Troops, are to be made direct to the Commissariat Department of the Division or Station, and all applications requiring a reference to Government, will be submitted through the Commissariat Officer of the Division and Commissary General.

11. It is to be understood that this order makes no change in the price which is to be paid for Rum or Arrack, supplied by the Commissariat to Canteens, which will continue as heretofore at Rupees (2) two per gallon old wine measure, and at one Anna per dram to the Soldier.

12. When Detachments may be without Canteens, and whenever it may be necessary for the Commissariat to issue Rum or Arrack, the rate of payment shall be Anna one per dram or Rupees 2-8 per gallon.

APPOINTMENT OF ORDERLY ROOM CLERKS FOR EACH BRIGADE AND BATTALION OF EUROPEAN ARTILLERY.

G. O. G. No. 27, 26th January 1855.—The following General Order by the Most Noble the Governor General of India in Council, is republished for the information of the Army.

GENERAL ORDER BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William 5th January 1855.

No. 24 of 1855.—The Most Noble the Governor General in Council is pleased to notify, that the Honorable the Court of Directors have approved of the appointment of Orderly Room Clerks for each Brigade and Battalion of European Artillery, in the same manner as is allowed in European Infantry Regiments. This arrangement is to have effect from the 2d November 1854, the date of receipt of the Honorable Court's Letter at this Presidency.

His Lordship in Council is further pleased to notify, that the provisions of the General Order No. 601 of the 27th July 1853, regarding an additional allowance after seven years' approved Service, are equally applicable to the Orderly Room Clerks of European Artillery.

OFFICERS DOING DUTY WITH REGIMENTAL DEPOTS AT HALF BATTA STATIONS NOT ENTITLED TO FULL BATTA.

G. O. G. No. 29, 30th January 1855.—In assimilation with the practice in Bengal, the Right Honorable the Governor in

Abridgement of the Bengal Pay and Audit Regulations, 1849, Page, 44 para 17. Council is pleased to declare that Officers doing duty with Regimental Depôts at Half Batta Stations, are not entitled to Full Batta, though the Corps to which they belong may be entitled to that allowance. This order will take effect from the 1st February 1855.

RULES RELATIVE TO THE SUPPLY OF MALT LIQUOR TO CANTEENS, DATE WHEN TO HAVE EFFECT.

G. O. G. No. 30, 30th January 1855.—The Right Hono-

rable the Governor in Council is pleased to direct that the rules relative to the supply of Malt Liquor to Canteens of European Regiments through the Commissariat Department, published in G. O. G. 9th January 1855, No. 7, shall have effect, instead of from 1st January 1855, from the date after that of receipt of the General Order at each Station.

A. O. No. 1, 1st January, 1855.—I. His Excellency the Commander-in-Chief has been pleased to permit of the Orders issued by the Commandant of Artillery being printed, and of such printed Orders being admitted as Regimental Record; Corps, Troops, Companies and Detachments which may take the printed Artillery Orders will accordingly not be required to transcribe them into the manuscript "Regimental Order Book."

2. This arrangement does not dispense with the publication of Artillery Orders in the temporary or daily manuscript order book; Commanding Officers will, as heretofore, give immediate publication to orders affecting those under their command; an exception is however permitted in regard to numbered orders, which need not be copied into the temporary order books of those Corps, Troops, Companies, and Detachments which receive the printed Artillery Orders, but Commanding Officers are responsible that all numbered orders be read on parade, and circulated to Officers, without unnecessary delay after the receipt of them.

3. Commanding Officers will ascertain at their monthly inspections of books that the Artillery Orders of each Corps and Detachment under their command are complete, either in manuscript, in the Regimental Order Book, as required by para. 16, Section XLV, General Regulations of the Artillery, or printed under the authority of this order.

4. Printed Artillery Orders taken as Regimental Records are to be secured together as received in any convenient guard file, and bound in volumes as occasion requires.

A. O. No. 2, 3d January, 1855.—I. A recent demand for information relative to the cattle of Light Field Batteries in bullock Draught having brought to notice a want of care in recording the registers of bullocks, the attention of Officers in command of Divisions, Corps, and Batteries is called thereto. The column of the Karkhana Register headed “From whence received” is required to exhibit distinctly whether the animals were received from the breeding establishment, or purchased in the districts; to prevent ambiguity this information is invariably to be recorded in one of the following terms and no other:—

“ Breeding Establishment,” or
“ Purchased by the Commissariat at (here enter Station or District where purchased”)

A. O. No. 3, 4th January, 1855.—II. The column headed “Extracts from Defaulter book” in the return (form No. 1 or 6 as the case may be, Section X, General Regulations of the Army,) required to accompany applications for discharge from the Native branch of the Regiment, is, in all cases, to exhibit every offence, with date thereof, recorded against the individual proposed for discharge, during the whole period of his service, together with the punishment awarded in each case.

A. O. No. 4, 4th January, 1855.—III. Whenever the offence of drunkenness occurs in an extract from a Defaulter Book, it is to be written in *red ink*, without reference to its having been committed prior to A. O. No. 5 of 1854, dated 6th March, 1854, requiring the record of this offence in Defaulter Books to be made in *red ink*.

IV. Attention is called to para. 3 of A. O. No. 6 of 1851, dated 21st July, 1851, which notifies that reports are not to be made to Artillery Head Quarters of arrivals at and departures from stations, of individuals who have ceased to belong to the Regiment by discharge, removal, or any other cause.

A. O. No. 5, 6th January, 1855.—III. With reference to G. O. G. No. 257 of the 27th October 1854, and G. O. C. C. of the 18th November 1854, Officers Commanding Battalions of European Foot Artillery are directed to transmit to the Assistant Adjutant General of Artillery, annually on the 1st January, rolls, in the subjoined form, of individuals whom they may consider qualified for, and deserving of being nominated to the Non-Commissioned Staff of the Golundauze Battalion: these recommendations may be made from men of any rank, who are eligible to be entered in the reports upon Non-Commissioned Staff, or other annual recommendation rolls transmitted to Army Head Quarters, and without reference to their names also appearing in those documents; but not more than one man is to be recommended belonging to each Company or to the Head Quarters of each Corps.

Para. 1. We now reply to your letter in the Home Department, dated 19th May 1854, No. 33, which has been transferred to the Military Department.

2. In this letter you observe, that the orders we have given, that any Civil Servant resorting to the Insolvent Debtor's Court shall be suspended from employment and his case reported to us for final orders, are, you apprehend, applicable in principle to Military Officers, and you enquire whether those Officers who resort to the Insolvent Debtor's Court should not be held disqualified thereby from holding any Staff appointment, and should be reported to us in like manner as Civil Officers.

3. Without making any distinction between Staff and Regimental employment, we hereby direct, that in any and every case in which an Officer in our Service shall hereafter

resort to the Insolvent Debtors' Court, the Commander-in-Chief shall report the same to Government, with all the explanatory particulars, which it may be in his Excellency's power to obtain, accompanied by his sentiments thereon, Government will forthwith transmit this report to us, together with their own views of the conduct of the party concerned, who, pending the receipt of our orders, is not to be permitted to resume the performance of any Military or other duty.

18. You require to be informed whether the number of sets of Books, shown in the List published in General Order

Letter dated 1st August 1854, No. 189. as the authorized complement for a Regimental School, is to be ob-

In continuation of No. 312 of 1853, request certain information regarding Books for Regimental schools. served as the maximum, even when the number of Scholars in a Regimental School shall be nearer 200 than 100, and whether McLeod's Spelling book may not be included in future Indents.

* Madras G. O. G. 4th August 1854, No. 178.

19. The question as to the sets of Books for Regimental Schools was submitted by the Military Auditor General, in his letter dated 28th November 1853, but he then added—"If the same Books are to be used successively at different "hours of the day by adults and children, the maximum at "present supplied may suffice." Concluding that such a course was adopted, we did not consider it necessary to reply to the question proposed.

20. In your General Order now published, you have properly directed, that in "Garrison and Artillery Division "Schools, the number of each article is to be regulated by "the strength of the Troops for which the School is "specially allowed." This Rule is quite proper and in conformity with it, we shall approve of the present authorized complement of Books for a Regimental School being exceeded whenever you are satisfied that it is insufficient for the number of Scholars attending the School. McLeod's Spelling Book may be included in future Indents.

CANCELLING THE ABOLITION OF THE KNAPSACK IN EUROPEAN CORPS.

G. O. C. C. No. 15, 7th March, 1855.—The reports on the Pack Cloth introduced by G. O. C. C. 10th October, 1853, No. 63, being generally unfavorable, the Commander-in-Chief is pleased to cancel so much of that Order as directs the abolition of the Knapsack and the substitution of the Pack Cloth in lieu of it in European Corps.

ALLOTMENT OF SHOTTED CARTRIDGES FOR PRACTICE TO CORPS.

G. O. G. No. 76, 13th March, 1855.—The following Order is to be substituted for G. O. G. 23d February, 1855, No. 59, and the Memorandum appended to G. O. G. 9th March, 1855, No. 73, which are hereby cancelled.

No. 59 of 1855.—With reference to G. O. G. 24th Feb-

ruary, 1829, the Right Honorable the Governor in Council is pleased to direct that until further orders, the allotment of shotted cartridges for practice to the Corps below noted be altered as follows, viz:—

Horse Artillery & Regiments of Light Cavalry.	To be increased from 20 to 30 shot-ted cartridges per man.	With Percussion caps and Target materials accord-to the regulated proportion.
Foot Artillery and European and Na-tive Infantry of the Line.	To be increased from 36 to 60 shot-ted cartridges per man.	

PARTICULAR ATTENTION OF COMMANDING OFFICERS DRAWN TO THE TARGET PRACTICE OF THEIR MEN.

G. O. C. C. No. 16, 12th March, 1855.—With reference to G. O. G. No. 59, dated 23d ultimo, increasing the practice allotment of Ball Ammunition for certain branches of the Army, the Commander-in-Chief deems it necessary to draw the particular attention of all Commanding Officers to the Target practice of their men.

His Excellency observes that in several instances the authorized annual allowance of Ammunition has not been expended, consequent on the detached state of Corps.

There are however few Stations at which Detachments are serving where arrangements cannot be made for carrying on Ball practice equally as well as at the Head Quarters of Regiments; and His Excellency desires that all Commanding Officers will communicate with the Quarter Master General's Department with a view to Butts beng erected wherever there are fixed Detachments.

The revised allotment of Ammunition is to be expended in every Corps in the Service. Should it be found imprac-ticable to erect Butts at any out-posts, the Ammunition of the Detachments there stationed is to be expended in accus-toming the men to steady firing at Targets against Hills or

the best substitutes for Butts, that can be locally pointed out for practice; especial care being taken that the men fire low.

With the additional Ammunition now sanctioned and by a proper supervision on the part of Commanding Officers, Lieutenant General Anson expects an early and marked improvement in this essential particular of a Soldier's efficiency.

SIR,

I have the honor, by order of the Brigadier Commandant of Artillery, to request, that whenever men give themselves up as deserters from Regiments in Her Majesty's service, the decision of superior authority regarding them, together with the No. and date of the letter in which it is contained, may be recorded in their Registers and small account Books.

I have the honor to be, &c.

(Signed.) B. W. BLACK, Captain,

Assistant Adjutant General of Artillery.

A. O. No. 17, 14th March 1855.—III. The Heirs of Bheasties, Artificers, Choudries, Horsekeepers, and Grass-cutters, who die on the passage back to the coast from on service beyond sea, or, after landing and before being discharged from hospital of disease contracted on foreign service, being entitled to pension, and men of these classes who have no claim to pay while absent, being in the habit of going to their homes or villages immediately on landing, instead of presenting themselves to the Regimental authorities, it becomes necessary that every precaution be taken to make them fully aware of the provisions on this subject made for their benefit, that there may be no room for a plea of ignorance of the regulations should they fail to place themselves under hospital treatment on their return.

2. They are, for the foregoing reasons, as well as to prevent attempts at fraud, invariably to be warned when quitting their detachments to return to the coast, that they should proceed to the Mount immediately on disembarkation, (unless they be admitted into the Presidency General Hospital), and report themselves to the Officers Commanding the detachments of their respective Corps at that Station, or, to the Staff

Officer of Artillery Centre Division if no portion of their Corps be located there, in order that they may be placed under medical treatment until regularly discharged therefrom by the Surgeon. On all occasions of men returning to the coast the senior is also to be instructed to report any casualties which may take place during the voyage to the above authorities.

3. Minutes of Consultation, No. 2689, dated 27th October 1853, published *in extenso* in A. O. No. 15 of 1853, dated 7th November, sanctions Horsekeepers and Grass-cutters who return sick to the coast being admitted into hospital and clothed and fed as paupers at the expense of the State until dismissed from hospital, such of them as may require change of climate being allowed to proceed to their villages on passport on medical certificate for the benefit of their health, their Heirs, in the event of their dying while so absent, being pensioned under the rules applicable to those of fighting men under similar circumstances; and further orders, that Horsekeepers and Grasscutters discharged from hospital cured, be struck off the strength of their Corps from date of dismissal from hospital, and that those permitted to proceed on leave to their villages on passport on medical certificate, be struck off from the date of expiration of the original or extended leave, or from date of casualty should that happen first:—also that the Heirs of those struck off from date of discharge from hospital or from date of expiration of leave on medical certificate are to have no claim to pension on account of casualty of their relatives subsequently to such date.

4. This order is to be read and explained by the Commanding Officer of each detachment serving beyond sea, on any convenient day of the first week of January annually, to all men of the classes falling under the provisions of the orders and rules of Government referred to in this order, who may be serving under his command.

5. The Officers Commanding Horse Field Batteries on service beyond sea, are to be informed by the Officers having charge of the detail men of their Corps at the Mount, of the dates from which Horsekeepers and Grasscutters who return to the coast require to be struck off under para. 3 of this order.

Reports required from the Commanding Officers of Artillery Divisions, Artillery at Stations, Corps, Troops, Companies, and Detachments.

12. The senior Regimental Officer at every Station or Post where a detachment of the Regiment, of any strength, may be located, is required *immediately* to report *direct* to the Assistant Adjutant General of Artillery all arrivals at, or departures from his station, of Officers of the Regiment, and of detachments exceeding 12 Rank and File or Commanded by an European Officer, excepting when such Officers are his seniors in Rank, in which case they will themselves report: at the close of each week he is to transmit *direct* to the Assistant Adjutant General of Artillery a report, (Form No. 1), of all arrivals and departures of individuals under the European Commissioned Ranks, including detachments of 12 Rank and File or under; when there have been no arrivals or departures during the week a blank report is not required. The reports required by this paragraph are to include all individuals of the Regiment visiting or passing through the

Station, as well as those belonging to the Corps or detachments located there.

13. The preceding paragraph also applies to the case of individuals of all ranks withdrawn, either permanently or temporarily, from duty with the Regiment, but not to Officers or Men proceeding on, or returning from leave of absence within the Division in which they may be serving, excepting in the cases of Officers *Commanding* Divisions of Artillery, Corps, or Detachments at out-posts, who will always report when they quit or rejoin their Stations.

14. Reports of the departure of individuals who have *ceased to belong* to the Regiment, by discharge removal or any other cause, are not required to be made to Artillery Head Quarters.

15. Letters reporting the arrival or departure of detachments exceeding 12 rank and file, are to have a present state in the margin, exhibiting the number of individuals of each rank, the cattle, the Regimental Ordnance, and ordnance carriages composing the detachment ; individuals not belonging to the Regimental establishments who may be attached to detachments are not to be included in the present state. The names of the European Officers of detachments are to be noted at the foot of the present state, and when from any cause individuals are left behind on the march of their Troop, Company, or detachment, their names and the cause of their detention are to be mentioned in the report of departure ; with these exceptions names are not ordinarily required to be specified in reporting the arrival or march of detachments to Artillery Head Quarters and to the Head Quarters of Artillery Divisions.

16. Whenever individuals or detachments are ordered from their fixed Stations by the local authorities, a copy of the instructions directing the movement is to be sent with the report of departure.

17. Officers Commanding Troops, Companies, and detach-

ments, not present with the Head Quarters of Corps, are to report arrivals and departures, amongst those under their Command, *direct* to the Head Quarters of the Division of Artillery to which they belong, and to the Head Quarters of their Corps: Officers Commanding Detachments of Troops and Companies are to transmit similar reports to the Head Quarters of their Troops and Companies also.

18. In order that Officers Commanding Corps may at all times be in possession of accurate information of the location of individuals of the Corps under their respective Commands, arrivals and departures, on any occasion whatever, of Officers or Men at or from Stations occupied by Artillery, with the exception of individuals merely passing through the station en-route from one place to another, are invariably to be reported to the Head Quarters of the Corps to which they belong, independently of any other reports required; when a detachment of their Corps may be at the Station, this report will be made by the Commanding Officer of such detachment under the preceding para, in other cases the Officer Commanding the Artillery at the Station is responsible that it be duly made.

19. The departure of men proceeding to a Station other than that at which the Head Quarters of their Corps may be serving, is also to be intimated to the Officer Commanding the Artillery at such Station, in order that enquiries may be made regarding them should they not arrive in due time.

20. The arrival at their destination of Men who have quitted on leave or duty a Troop or Company detached from the Head Quarters of its Corps, is also to be intimated to the Officer Commanding such Troop or Company.

21. Arrivals and departures of Men of the Foot Artillery attached to do duty with the Horse Brigade, but temporarily absent from any cause, are to be intimated to the Officer Commanding the Brigade as well as to the Officer Commanding the Battalion to which they belong.

22. When an individual may be detained at a Station on his route, the circumstance of the detention, and cause thereof, and subsequent departure, are to be reported to Artillery Head Quarters, to the Head Quarters of the Corps to which he belongs, (if he be attached to do duty with another Corps to the Head Quarters of that Corps also), and to the Officer Commanding the Artillery at the Station to which he is proceeding.

23. On the departure of Troops, Companies, or detachments, from their Stations, the circumstance is to be reported by the Officer Commanding the Artillery at such Station, (or by the Officer Commanding the detachment moving if he be the senior or only Regimental Artillery Officer at the Station) to the Officer Commanding the Artillery in the Division, and to the Officer Commanding the Artillery at the Station, to which they may be proceeding.

24. In reporting arrivals or departures to the Head Quarters of Corps, Troops, Companies, or Detachments, the ranks, names and General Nos. of individuals are always to be given, excepting in the case of the movement of an entire Troop, Company, or Detachment of a Troop or Company, when it will be sufficient to state whether any, and if so what individuals, have been left behind.

25. On the Command of a Division of Artillery, Corps, or detachment at an out post, being vacated, or assumed, a report of the circumstance is to be forwarded to the Assistant Adjutant General of Artillery by the senior Officer only : no report of any kind is required from the junior. Reports of change of Command of Troops, Companies, and detachments, are to be made, in like manner, to the Head Quarters of Divisions of Artillery and to the Head Quarters of Corps by the senior Officer only.

26. All occurrences, not of an ordinary nature, affecting Officers, European or Native, or detachments, are to be reported *direct* to Artillery Head Quarters, and to Officers

Commanding Corps and Divisions of Artillery. In event of an Officer being placed in arrest, a detailed report of the circumstance, with copies of all correspondence which may pass on the occasion, and of all other documents connected with it, are to be forwarded to the Assistant Adjutant General for submission to the Commandant of Artillery. Reports of the final disposal of the case are likewise to be forwarded for the information of the Commandant of Artillery and of the Commanding Officers of the Corps and Division of Artillery.

27. When an Officer is ordered to prepare the detachment under his command, or any portion thereof, for service, he is to make an immediate report direct to the Assistant Adjutant General of Artillery, giving in the margin of his letter a present state of the detachment in which are to be specified the numbers of each rank, Cattle, Ordnance and Ordnance carriages; the names of the European Officers proceeding with the detachment are also to be given, and a copy of the instructions attached. A final report of the state of the detachment on departure is to be sent, and with it any further instructions, if any should have been received.

28. All movements of the detachment, or of any portion of it, are to be reported, and any other information of interest regarding it communicated from time to time, for the information of the Commandant of Artillery.

29. Officers in command of parties detached from the Head Quarters of the detachment, will, in like manner report *direct* to Artillery Head Quarters, all casualties and matters of interest affecting their charge.

30. On occasions of engagements with an Enemy, a detailed report of the operations of the Artillery is to be forwarded to the Assistant Adjutant General of Artillery, and as soon as practicable afterwards a nominal Roll (form No. 2) of all ranks, European and Native, borne on the Muster Roll of the detachment; the place and cause of absence of

individuals not present with their Troops or Companies are to be stated in the column "remarks," and should any of the men present not have taken part in the engagement, the cause thereof, whether sickness, misconduct, duty, &c. is also to be *distinctly* stated in the same column. A similar nominal roll is to be forwarded by each Troop, Company, or detachment, to the Head Quarters of its own Corps.

31. The Reports to be made to Army, Divisional, and Station authorities, by Officers Commanding detachments in movement, are specified in paras. 74 to 78, 81 to 85, 87 and 97 Section "Marches detachments and escorts," and para. 18 Section "Reports from Officers" General Regulations of the Army; the reports below specified, required to be made to the Regimental authorities, are irrespective of the foregoing.

32. Reports of progress accompanied by a Memorandum of march are to be transmitted every 10th day by all Officers Commanding Detachments of the Regiment in movement to the Assistant Adjutant General of Artillery, and by senior Officers of detachments of Corps to their respective Head Quarters also; the last report is in all cases to state the date of expected arrival at destination.

33. A report is to be made to Artillery Head Quarters whenever a man is left in a station Hospital; a similar report is also to be made to the Head Quarters of his Corps.

34. On entering or quitting a Division of the Army, a report, accompanied by a present state of the detachment, is to be made to the Artillery Staff Officer of the Division if there be one, and while marching within its limits, progress reports are to be furnished to him every 10th day.

35. Intimation is invariably to be given to the Commanding Officer of Artillery at any Military Station in the route of the Detachment, of the date on which it may be expected to arrive at or pass through the station;—this intimation is to be given in sufficient time to admit of its being received

at least one day previous to arrival at the Station, and is to be accompanied by a present state: on arrival the Officer Commanding the detachment will wait upon the Officer Commanding the Artillery at the Station unless the latter be his junior in rank, in which case notification of arrival only is necessary. The departure of the detachment is also in all cases to be intimated to the Artillery Officer. When the Officer Commanding a detachment is senior to the Officer Commanding the Artillery at any Station the Detachment may pass through, he must himself report to Artillery Head Quarters its arrival at and departure from the station.

36. The reports of Casualties of European and Native Commissioned Officers and Warrant Officers, and Medical

to be made by the Officer Commanding the Artillery at the Station where they occur.

37. The decease of European Officers, and all Casualties by death, discharge, or desertion, of individuals of all other ranks and classes in the Regiment, excepting of Horsekeepers and Grasscutters, are to be immediately reported by the Commanding Officer of Artillery at the Station at which they occur, or, of the Detachment when in Camp, *direct* to the Assistant Adjutant General of Artillery; the cause of death or discharge, and the place, year, month, and date of Casualty, are always to be distinctly stated. Casualties of Horsekeepers and Grasscutters on service beyond sea, or, who may be killed, or die of wounds received in action in India, are likewise to be reported to the Assistant Adjutant General of Artillery.

38. Reports to the Assistant Adjutant General of Artillery of Casualties on Foreign Service of, Natives of all classes, belonging to Corps the Head Quarters of which are stationed elsewhere than at Saint Thomas' Mount, are to be ac-

companied by an extract from the Troop or Company Register of Heirs.

39. Reports by letter of Casualties of Horses and Bullocks are not required to be made to Artillery Head Quarters.

40. When death may result from the accidental discharge of a gun, explosion of powder, or any other unusual cause, a detailed account is to be submitted to the Assistant Adjutant General of Artillery for the information of the Commandant. In cases of casualty consequent on the accidental discharge of a piece of ordnance, a Regimental Court of Inquiry is to record not only the circumstances attending the occurrence, but also the condition of the piece of Ordnance.

41. In all cases of the death by suicide of a Native of any class on Foreign Service, whose heir under ordinary circumstances would be entitled to a pension, an extract from the Coroner's verdict, or of the opinion of the Court of Inquest, is to be applied for, for transmission to Artillery Head Quarters, if practicable with the report of casualty. In event of the verdict of the Coroner or of the opinion of the Court of Inquest not containing record as to whether or not the deceased committed the act while laboring under temporary insanity, a Regimental Court of Inquiry is to be held for the purpose of fully recording the circumstances attending the occurrence. The Proceedings of the Regimental Court of Inquiry are to be recorded without an opinion and forwarded to Artillery Head Quarters.

42. Reports of all casualties by death amongst Europeans or Natives, who may have appeared before Medical Invaliding or Pensioning Committees, whose cases have not been disposed of in G. O.'s, as also of Casualties amongst Europeans recommended for pension, or for the Gratuity with Silver Medal, are to be addressed to Army Head Quarters,—to Artillery Head Quarters,—the former by the Officer Commanding Artillery at the Station where the Committees were assembled, the latter by Officers Commanding Corps.

43. All Casualties, alterations, and removals, amongst Non-Commissioned Officers recommended for, or, in receipt of the annuity with silver medal, or amongst individuals entered in the annual Recommendation Rolls are required to be reported to the Adjutant General of the Army, through Artillery Head Quarters by Officers Commanding Corps. A report is to be made in the same manner whenever misconduct or other cause may render it necessary to withdraw a recommendation for the Annuity or Gratuity with Medal.

44. Whenever a deserter is re-admitted on the strength of the Regiment under the provisions of the General Regulations of the Army, a report is to be made *direct* to the Assistant Adjutant General of Artillery and to the Head Quarters of his Corps.

45. Officers Commanding Troops, Companies and Detachments not present with the Head Quarters of their Corps, are to report all casualties and occurrences affecting those under their command, also (unless otherwise ordered) all receipts and casualties, with cause of the latter, amongst the Cattle of Batteries, *direct* to the Head Quarters of the Division of Artillery to which they belong and to the Head Quarters of their Corps; in reporting casualties of Horses, any change caused thereby in the strength of Horsekeepers and Grasscutters is also to be stated. They are likewise to make similar reports by name of all casualties amongst Horsekeepers and Grasscutters serving beyond Sea or who may be killed or die of wounds received in action in India. Officers Commanding Detachments of Troops and Companies will make these reports to the Head Quarters of their Troops and Companies also.

46. Officers Commanding Detachments at out posts of Artillery Divisions beyond Sea, are to state in their reports of casualties to the Head Quarters of their Divisions, whether the casualty has been duly reported to Artillery Head Quarters; in the event of this being neglected to be stated,

the Officer Commanding the Artillery in the Division is to order them to make the required report, and at the same time to intimate the casualty himself in order that inconvenience may not be caused by the delay should the report not have been duly made by the Officer Commanding the Detachment.

47. Officers in charge of details are to intimate all casualties and occurrences connected with them to the Officers Commanding the Corps and Troop or Company to which they belong.

48. Whenever a report is ordered by regulations to be made *direct* to Artillery Head Quarters by an Officer Commanding a Troop, Company or Detachment, or by the Senior Officer at a Station, it is to be understood that it is not required to be repeated by any other Officer excepting when expressly ordered.

Periodical Reports and Returns.

49. Returns and other public documents must be despatched within three days after the dates prescribed for them, with the exception of those for the preparation of which a longer period is allowed; any delay beyond the specified period is to be explained by letter.

Quadrennial.

50. **STATEMENTS OF THE SERVICES OF ALL OFFICERS AND WARRANT OFFICERS,** (Forms Nos. 1 and 3 of G. O. C. C. 16th April, 1850, No. 24) bearing date the 31st December, containing the services and attainments of the four previous years, are to be forwarded by Officers Commanding Corps to * Commencing from 31st December, 1850. the Assistant Adjutant General of Artillery, for transmission to Army Head Quarters, as soon as practicable after the close of each quadrennial period.*

51. These statements are to include all Officers (Staff as well as Regimental) borne on the strength of Corps, and in order that every Officer may be afforded the opportunity of

recording fully his services, attainments, approbatory orders, or letters, &c., Commanding Officers are directed to cause a blank form, similar to that prescribed for the general statement, to be transmitted to each Officer on the strength of their respective Corps at the close of each quadrennial period, which they are to complete and return without delay to the Head Quarters of Corps accompanied by any copies of letters or other documents they may wish to have appended to the general statement.

52. Statements, of the services of Warrant Officers, who have been promoted to that rank from the Non-Commissioned ranks in the interval between the dates on which the quadrennial statements are made up, are to contain full information of services, appointments, &c. from commencement of service, and are to be accompanied by a statement of service in each rank; (Form No. 4 of G. O. C. C. 16th April, 1850.)

Annual.

53. **ALPHABETICAL REGISTERS OF CASUALTIES BY DEATH,** (Form No. 3) bearing date the 1st January in each year, and containing *all* casualties by death of men registered as Europeans up to the 31st December preceding, whether or not they have appeared in the Monthly Returns, are to be despatched by Commanding Officers of European Corps to the Assistant Adjutant General of Artillery after reports up to the latter date are received at the Head Quarters of Corps from detachments; they are not however under any circumstances to be detained for these reports longer than will admit of their reaching Artillery Head Quarters by (*at latest*) the 20th February.

54. Should any estates remain unsettled at the time of despatch of the Register of Casualties by death, or should any deaths of date prior to the 1st January be subsequently reported, a supplemental register is to be forwarded as soon as *the whole* are adjusted; if this be not effected before the

1st June next succeeding, the supplemental Register is to be transmitted on that date accompanied by explanation of the cause of delay in closing each estate which may then remain unadjusted, and a report of the probable period in which each of such estates may be expected to be finally settled.

55. Should any money or effects be received on account of an estate after it has been closed and accounted for in the Register of casualties by death, a supplemental Register is to be transmitted showing how the further effects, &c. have been disposed of.

56. The Register of casualties by death is invariably to be accompanied by the original wills of all men who have not died intestate, and by the small account books of all men whose next of kin may not be in India.

57. Should it not be practicable to transmit the original will in consequence of probate having been taken out in this country, or other cause, a copy is to be transmitted with explanation.

58. When an estate is divided between two or more individuals the amount paid to each is to be distinctly stated in the Register.

59. Whenever it may happen that an estate, or any portion of one, bequeathed to parties in India, is made over by the Regimental authorities to others than the legatees, the cause must appear either in the Register of casualties by death or in a letter accompanying; when property is thus made over to other parties in *trust* for the legatees on due authority no other explanation is necessary, but in all other cases a copy of the instructions from the Military Secretary to Government should accompany the Register.

60. RECOMMENDATION ROLLS FOR PROMOTION TO THE NON-COMMISSIONED STAFF OF THE GOLUNDAUZE BATTALION prepared agreeably to the form established in A. O.

No. 5 of 1855, dated 6th January, are to be forwarded to the Assistant Adjutant General of Artillery by Officers Commanding Battalions of European Foot Artillery, annually, on the 1st January, for individuals whom they may consider qualified for, and deserving of being nominated to the Non-Commissioned Staff of the Golundauze Battalion: these recommendations are to be made from men of any rank who are eligible to be entered in the reports upon Non-Commissioned Staff, or other annual recommendation Rolls transmitted to Army Head Quarters, and without reference to their names appearing in those documents also; but not more than one man is to be recommended belonging to each Company or to the Head Quarters of each Corps.

61. ANNUAL NOMINAL ROLLS OF INDO BRITONS AND NATIVES, (Form No. 4) dated 1st January in each year, are to be prepared by Officers Commanding Corps and *despatched* to the Assistant Adjutant General of Artillery on or before the 1st February. These rolls are to contain the names of *all* natives borne by name upon the returns with the exception of the Medical Establishment.

62. The stations of all individuals absent from their Troops or Companies, or, composing detachments from the Head Quarters of Troops or Companies, are to be given in the column of "Remarks." No remark is required against the names of men present at the Head Quarters of their Troops or Companies. Temporary and Acting Promotions or Appointments, with their dates, are also to be shown in the column for "Remarks."

63. In the Rolls of Gun Lascars the letter of the European or Golundauze Company to which they are attached is to be given, not that of the Gun Lascar Company.

64. RETURNS OF DISEASE, MORTALITY, AND PUNISHMENTS, prepared according to a form furnished, embracing the period between the 1st April and succeeding 31st March,

are to be forwarded to the Assistant Adjutant General of Artillery, by Officers Commanding Corps, annually, as soon as practicable after the latter date, accompanied by any observations they may think proper to offer on the subject thereof; should Commanding Officers have no observations to offer, the returns are to be forwarded without letters.

65. Minor punishments not involving forfeiture of, or exclusion from, Good Conduct Pay, are to be entered in the line for punishments awarded by Regimental Captains; and those involving forfeiture of, or exclusion from, Good Conduct Pay, in that for punishments awarded by Commanding Officers.

66. DESCRIPTIVE ROLLS OF NATIVE OFFICERS are to be forwarded to the Assistant Adjutant General of Artillery for transmission to Army Head Quarters as soon as practicable after the 1st May of each year. These rolls are to be prepared in duplicate and in accordance with the instructions contained in para. 27, Section XXV, page 357, General Regulations of the Army.

67. RETURNS OF SCHOOLS, blank printed forms for which are supplied by the Adjutant General of the Army, are to be prepared and forwarded annually on the 1st July, by Officers Commanding Artillery at Stations where Schools have been established, to the Assistant Adjutant General of Artillery for transmission to Army Head Quarters, being previously submitted to the local authorities.

68. ANNUAL RECOMMENDATION ROLLS, printed forms for which are furnished by the Adjutant General of the Army, are to be prepared in strict conformity with the instructions contained in paras. 1 to 21, head Warrant and Non-Commissioned Staff, Section I, General Regulations of the Army, by Officers Commanding Departments, Troops, and Companies, annually, on the 1st July, and despatched to the Head Quarters of their Corps, on or before the 10th of that month,

for transmission to Army, through Artillery Head Quarters :—should they not be ready for despatch on that date, Officers Commanding Troops and Companies are to report the cause of delay to the Head Quarters of their Corps and to state when they will be prepared to despatch them.

69. Bugle Majors who entered the service subsequently to 28th July 1854, and are not within the extraction described in G. O. G. No. 169 of that date, are not to be recommended in these rolls.

70. These rolls are to be accompanied to Artillery Head Quarters by a duplicate of the *second page* of Nos. 1 and 2 Rolls and of the *first page* of No. 3 Roll, which are to be prepared at the Head Quarters of Corps, separate sheets for each Troop and Company are not required, as many names are to be entered on each sheet as it will conveniently hold, a column being inserted to show the Troop or Company.

71. ROLLS, IN DUPLICATE, RECOMMENDING SERJEANTS FOR THE SILVER MEDAL WITH ANNUITY, (Form No. 1 of G. O. C. C. No. 54, 16th September, 1852) under Articles 1 to 3 of G. O. G. No. 123, dated 9th June 1848, are to be forwarded to the Adjutant General of the Army through Artillery Head Quarters on 1st July of each year. If there should be any annuitants already in the Corps, their names, with the amount of each annuity, are to be inserted at the foot of these rolls. The rolls are to be complete in every respect, containing the names of *all* previously recommended for, but not admitted to, the annuity, and to have no reference to former rolls; in the event of any individual already recommended being omitted in the subsequent rolls on account of misconduct or other cause, explanation is to be given as to the cause of the omission in transmitting the fresh rolls. When a Commanding Officer does not wish to recommend any Non-Commissioned Officers of his Corps for this reward, a letter addressed to the Adjutant General of the Army reporting the same, is to be forwarded through Artillery Head Quarters.

72. ROLLS IN DUPLICATE, RECOMMENDING NON-COMMISSIONED OFFICERS AND MEN FOR THE MEDAL WITH GRATUITY ON DISCHARGE, (Form No. 2 of G. O. C. C. No. 21, 22d April, 1853) under the provisions of Articles 4 to 10 of G. O. G. No. 123, dated 9th June 1848, are to be forwarded to the Adjutant General of the Army, through Artillery Head Quarters, on the 31st December of each year. It is however left to Commanding Officers to forward special rolls on any date before the 31st December, for men who, on completing 21 years service, may not be desirous of continuing to serve until the transmission of the annual rolls. The annual recommendation for the gratuity is not to exceed £ 20 for the Horse Brigade or a Battalion of European Artillery. Men to be recommended must have completed 21 years actual service, and Commanding Officers are to state in their own hand-writing, under the head "Character," that the individual has never been convicted by Court Martial, and that he has borne an irreproachable character, or if the case should not come strictly within these conditions, it must be distinctly specified in what manner the man has distinguished himself. A Serjeant, to whom an annuity may have been awarded is not eligible for recommendation for the gratuity. When a Commanding Officer does not wish to recommend either a Non-Commissioned Officer or Man of his Corps for this reward, a letter addressed to the Adjutant General of the Army reporting the same is to be forwarded through Artillery Head Quarters.

73. Officers Commanding detached Troops and Companies are to bring to the notice of Commanding Officers of Corps, as cases arise, the claims of Non-Commissioned Officers and men under their command whom they may consider worthy of being recommended for the Annuity or Gratuity with Silver Medal; but it rests entirely with Commanding Officers of Corps to select only such men as, after strictest enquiry into their character during the whole period of their

service, they may consider to be in every respect deserving of being included in the rolls to Head Quarters for these distinctions.

74. On all occasions of recommendations for Annuities and Gratuities with Silver Medal being forwarded to Artillery Head Quarters for transmission to the Adjutant General of the Army, extracts from the Court Martial and Defaulter Books extending on the first occasion, over the whole of the service of the individuals recommended, and subsequently in continuation for the year past, are to be submitted for the information of the Commandant of Artillery. If there be no entries against them a report is to be made by letter.

Half Yearly.

75. **REPORTS UPON HALF PAY BUGLERS**, (Form No. 5) are to be transmitted (without a letter) to the Assistant Adjutant General of Artillery by Officers Commanding Battalions on the 1st January and 1st July of each year.

76. Any alteration ir. respect to character, which may intermediately take place, is to be reported by letter.

77. If not considered fit for general duty at the date of these reports, the probable time when they will be fit is to be stated. After having once been reported fit for general duty, their qualifications in this respect are not required to be subsequently reported upon, but the report of their character must be continued.

78. **REPORTS UPON THE FARRIERS OF NATIVE TROOPS OF THE HORSE BRIGADE AND OF HORSE BATTERIES** (Form No. 6) are to be transmitted to the Assistant Adjutant General of Artillery on the 1st January and 1st July of each year: these reports are to be prepared and signed by the Veterinary Surgeon or Officer in Veterinary charge, and countersigned by the Commanding Officer:—the reports from Native Troops, and Batteries, detached from Brigade

or Battalion Head Quarters, are to be transmitted through the Head Quarters of the Brigade or Battalion.

79. CANTEEN AND COFFEE ROOM ACCOUNTS for the Half years ending 30th June and 31st December are to be prepared according to the forms established for these documents and forwarded to Artillery Head Quarters as early as practicable after the above dates, being previously submitted to the local authorities.

80. A separate Memorandum of Stock purchased, sold, and remaining, and of Bills unpaid, prepared according to a form furnished from Artillery Head Quarters is also to be forwarded with these accounts. No reference is to be made to this Memorandum in any part of the accounts.

Quarterly.

81. ALPHABETICAL NOMINAL ROLLS (Form No. 4) of all individuals registered as Europeans, dated 1st January, 1st April, 1st July, and 1st October in each year are to be despatched by Officers Commanding European Corps in sufficient time to reach the Assistant Adjutant General of Artillery by the 15th of the above months, with the exception of those from Corps stationed at Saugor, for which 5 days longer are allowed. The instructions for the preparation of the Annual Nominal Rolls of Indo Britons and Natives, contained in para. 62 of this order, are equally applicable to these Rolls.

82. QUARTERLY EXTRACTS OF ALL ORDERS issued by Officers Commanding Corps, Divisions, or separate detachments of Artillery, affecting the interior economy and discipline of the Regiment are to be forwarded *direct* to the Assistant Adjutant General of Artillery, for the information of the Commandant, as early as practicable after the 31st March, 30th June, 30th September, and 31st December of each year.

83. ROLLS OF MEN RECOMMENDED FOR TRANSFER TO OTHER REGIMENTS are to be transmitted to the Adjutant

General with the Monthly Returns of Corps on the 1st January, April, July, and October, agreeably with para. 4, head "Non-Commissioned Officers and Soldiers," Section XV, General Regulations of the Army :—the approval of the Commandant of Artillery is in every instance to be obtained previously to application for exchange or removal from or into the Regiment being submitted to Army Head Quarters. When there are no applications for exchange or transfer a blank roll is not required.

Monthly.

84. RETURNS OF CORPS AND OF HORSE FIELD BATTERIES, are to be compiled on the 1st of each month, from the 1st of each month, from the latest information, for the Assistant Adjutant General of Artillery. The returns of Horse Field Batteries for the Assistant Adjutant General of Artillery are to be transmitted through the Head Quarters of the Corps to which they belong, but are not to be detained by the Commanding Officer of the Corps more than one day.

85. When the Articles of War, European or Native have been read during the month, a notice thereof is to be entered in the column of "remarks" of the "Exercise" of the return to the Assistant Adjutant General of Artillery.

86. The number and description of *Regimental* Ordnance and Carriages in use with each detachment are to be shown in the returns of Corps furnished to the Assistant Adjutant General of Artillery. Post guns are not to be included in these returns.

87. Such circumstances as cannot be explained in the body of the returns are to be minutely detailed in a N. B. at the foot.

88. Returns are to be prepared as compactly as possible, and care is to be taken that the entries in the sections for "Courts Martial" and "Alterations and Casualties" are not written in such an extended manner as to occupy more pages

than are requisite; the other extreme of unnecessarily minute and illegible writing should be equally guarded against: superfluous *blank leaves* in returns are positively prohibited. There is no objection to the insertion of extra leaves when absolutely necessary, which is always to be done in preference to pasting paper to the page; a practice that is to be carefully avoided, as paper so attached is liable to be torn off and lost.

89. REGISTERS OF MEN ENLISTED DURING THE MONTH (Form No. 7) are required to be transmitted to the Assistant Adjutant General of Artillery with the Returns of the Horse Brigade and Golundauze Battalion, and are to contain the names of all individuals enlisted as Sepoys and transferred to that rank from the Boy Establishment: when there have been no enlistments or transfers during the month this Register is not required.

90. RETURNS OF DIVISIONS OF ARTILLERY, according to forms furnished, are to be prepared for the Assistant Adjutant General of Artillery, as soon as the returns bearing date the 1st of each month, from the detachments serving in the Division, are received at the Head Quarters; and are to be despatched not later than the third day after receipt of the last return from detachments. The returns of Divisions of Artillery serving beyond sea are not however to be delayed for the receipt of returns from detachments, but are to be made up from the latest information at hand in time for despatch by the first opportunity after the 1st of each month.

91. Post Guns are to be included in the list of Ordnance in the Returns of Artillery Divisions, and distinguished by a star, with the following note of reference at the foot of the Table.

* These are "Post Guns."

92. In the Returns of Divisions of Artillery serving be-

yond sea, all Alterations and Casualties during the month, excepting promotions and reductions, are to be noticed at the foot.

93. AUTHORIZING A FIXED ESTABLISHMENT OF GENERAL OFFICERS OF ALL ARMS OF THE SERVICE, AND ABOLISHING PERIODICAL BREVETS.

G. O. G. No. 99, 4th April 1855.—The following General Order by the Honorable the President of the Council of India in Council, is republished for the information of the Army.

GENERAL ORDER BY THE HONORABLE THE PRESIDENT OF THE COUNCIL OF INDIA IN COUNCIL.

Fort William, 23d March 1855.

No. 366 of 1855.—The following Military letter, No. 25, from the Hon'ble the Court of Directors to the Government of India, dated 7th February 1855, is published for general information :—

Military Department, No. 25 of 1855.

OUR GOVERNOR GENERAL OF INDIA IN COUNCIL.

1. Consequent upon the changes which have been made in the system of promotion in Her Majesty's Army by the Royal Warrant, dated on the 6th October 1854, and by the Order, dated Horse Guards, the 23rd November 1854, the following changes, in the system of promotion in the Armies of the East India Company, have been approved and authorized by Her Majesty's Government. General periodical Brevets are abolished. A fixed establishment of General Officers of all Arms of the Service arranged in one list for the three Presidencies is authorized.

The Establishment to consist of :—

25 Generals.

50 Lieutenant-Generals.

145 Major-Generals.

Vacancies in the grades of General Officers respectively are to be filled by the promotion of the Senior Officers standing next in succession in the Gradation List of General Officers and Colonels at the three Presidencies.

Major Generals hereafter promoted for distinguished service, will, after the number of General Officers on the fixed Establishment has been completed, be placed in the Permanent General Officers' List, in the proportion of one Major-General for two vacancies ; the second vacancy being filled by seniority from the Colonels' List.

Officers of Artillery, Engineers, Cavalry, and Infantry, after serving three years from the date they attain the rank of Lieutenant Colonel, whether with their Regiment, or on the Staff, or on detached Military employment, in situations which, by the Regulations in force at the time, can be held by Lieutenant-Colonels, will be promoted to the rank of Colonel.

Field Officers, commissioned as such, before the 20th June 1854, will be allowed to rise by Brevet as under the Regulations then in force ; but no Officer promoted to the rank of Field Officer, on or after that date is to rise from the rank of Lieutenant-Colonel to that of Colonel, otherwise than by three years' service in the former rank, as above described, or as a reward for distinguished service, or by appointment to be Queen's Aid-de-Camp.

The Governor General of India may, if in his opinion the good of the Service requires it, appoint any Colonel selected for Field Service or a Divisional Command, to the temporary rank of Major General without regard to seniority ; and may, in like manner in the same circumstances, appoint a Major-General selected for a command to the rank of Lieutenant General.

In cases where Colonels shall be so appointed without regard to seniority, to Command as Major Generals, their temporary rank, if they should have conducted themselves to the satisfaction of the Government of the Presidency to which

they belong, may, after having held such Command for five years in peace, or after any shorter period in war upon the recommendation of the Commander-in-Chief, under whom they have served, transmitted with his own approbation by the Governor General of India, and further recommended by the Commander-in-Chief of Her Majesty's Forces, be made permanent at the pleasure of the Queen, if Her Majesty shall so determine. In like manner the temporary rank of Lieutenant-General, as conferred by the Governor General of India, may be confirmed and made permanent at Her Majesty's pleasure.

In addition to the Colonels promoted by seniority to be Major-Generals, Colonels will be eligible for promotion by Her Majesty to the rank of Major-General, and Lieutenant-Generals to the rank of General, for distinguished service in the field. In the case of Officers promoted to the rank of General Officers as a reward for distinguished service in war, the recommendation, in which the service of the Officer shall be detailed, shall be published in the General Orders of the Army and in the *Gazette*, with a view to ensure the responsibility attaching to an appointment thus made out of the regular course of Army Promotion.

Every vacancy on the fixed Establishment of General Officers is to be filled by the promotion when there is no supernumerary of the Senior Colonel qualified to succeed to the rank of Major-General and to be placed on the fixed establishment under the regulations now in force; and vacancies in the ranks of General and Lieutenant-General, will be filled in the same manner. If there be more than one supernumerary who has been promoted for distinguished service, the promotion of the Senior Colonel to take place on every second vacancy only, until the supernumeraries be reduced by the appointment, alternately, of a supernumerary and the promotion of a Colonel.

Promotion shall be made in the ranks of Field Officers

below the rank of Colonel, from time to time, or as vacancies occur in the Major-Generals' fixed Establishment.

Any, Captain, Major, or Lieutenant-Colonel, may be rewarded by promotion to Brevet rank for distinguished service in the Field, on the recommendation, as at present, of the General Commanding-in-Chief.

The names of Officers above the rank of Captain who have already retired, or may hereafter retire from the Service on full pay, are to be retained in the Army List in italics; and Officers now on the retired Full Pay List, or hereafter retiring upon full pay are to receive a step of Brevet rank but such Officers cannot be further promoted.

2. One of the provisions of the Royal Warrant is, that "the Commands of General Officers and other situations on the Staff, both at home, and abroad, shall not be held for more than five years unless by re-appointment." This rule already obtains in the Service as regards General Officers on the Staff; and we have now resolved that it shall be extended as in Her Majesty's Service, to all other situations on the Staff and on detached employment.

3. Immediate effect will be given to portions of the above arrangement by the promotion by Her Majesty of Officers to complete the establishment of General Officers for the three Presidencies, and of the Officers now retired on full pay who are to receive a step of Brevet rank.

4. Your Government will forthwith promote to be Colonels the Lieutenant-Colonels entitled to that advantage.

5. In making these promotions, time of absence beyond sea, on furlough, or sick certificate on leave granted, will not be allowed to reckon as a part of the three years' service, except absence on account of wounds received in action, or from ill-health contracted by service with an Army in the Field, which must be duly certified by the report of a Medical Board, when each case will be separately examined. In all other cases the time of absence of the Officer before he has completed the required three years' service as Lieutenant-

Colonel will be deducted, so that the Officer shall have actually served that time before he be promoted to the rank of Colonel.

6. Having considered the position of the Lieutenant-Colonels now in the Service who have held that rank for three years and upwards, it has been resolved that the above rule shall not be applied in its full strictness to them ; but that the circumstances of each case and the length and causes of absence shall be taken into consideration, and the proper deductions, if any, from their time of service be made accordingly.

7. We leave it to the Governor General of India in Council to specify in General Orders the Officers on the Staff or other detached Military employment, in which service as Lieutenant-Colonel shall, from the date of the promulgation in General Orders of the present arrangement, be held equivalent to actual Regimental Command as Lieutenant-Colonel in qualifying Officers to be promoted to Colonel.

8. The Commissions of Colonels to all Lieutenant-Colonels qualified according to the arrangement now communicated, by three years' service as Lieutenant-Colonels, on the 28th November 1854, are to bear that date, being the date assigned to the first promotions made in Her Majesty's Service under the Royal Warrant.

DIRECTS THE FURTHER SUPPLY OF THE PACK CLOTH FOR
THE EUROPEAN ARTILLERY AND INFANTRY BEING DIS-
CONTINUED.

G. O. C. C. No. 21, 26th April, 1855.—The reports on the Pack Cloth ordered for the European Artillery and Infantry, in G. O. C. C. No. 63, dated 10th October 1853, being only partially favorable to the introduction of this article of equipment, the Commander-in-Chief directs that its further supply may be discontinued; but such as may have been already ordered will of course be issued.

A. O. No. 19, 3d April, 1855.—I. Brigadier Conran has great pleasure in publishing to the Regiment, the following letter, addressed by Brigadier Coghlan of the Bombay Artillery and Commandant of Aden, to Major Trevor, on the occasion of the Division of Madras Artillery quitting Aden for India, testifying in so gratifying a manner, not only to the discipline and good conduct of the Division, but to the cordial good feeling which had been exhibited between the Madras Artillery and our brethren of the Bombay Artillery.

ADEN, 15th March 1855.

SIR,

The Division of Madras Artillery under your command being about to embark for India, for duty in its own Presidency, permit me in taking leave of you to express my sense of obligation to you as a Corps, for the orderly and soldierly tone which has marked the conduct of your detachment since I became associated with it.

2. This detachment has well sustained the reputation of the Madras Artillery, a Corps eminent for discipline and efficiency.

3. It was extremely gratifying to me as an old Bombay Artilleryman, to witness the friendly and generous spirit in

which you lately received a Company of my Regiment, sharing with them your own limited accommodation, and devising and carrying out expedients for their comfort at considerable sacrifice of your own, such perfect accord amongst soldiers is one of the pillars of efficiency.

4. In the name of the Bombay Artillery, as well as in my local capacity, I offer to you and to every Officer and Soldier of your detachment, this expression of thanks and of good will, and I trust that your future services may be followed by that success and reward which I am sure they will merit.

To . (Signed) W. M. COGHLAN, Lieut. Colonel,
Major S. S. TREVOR, Bombay Artillery,
Commg. a Division of Brigadier Commandant
of Aden.
Madras Artillery,
Aden, Arabia.

A. O. No. 20, 10th April, 1855.—I. The General Mess Committee having in vain addressed the Committee of the Mess established with the Division of Artillery that embarked with the expedition to Burmah, and having also failed in their endeavours to obtain a reply to the communications they addressed to the Commanding Officer, with a view to obtain certain periodical returns, as well as the settlement of an unadjusted balance due for Wine, &c. supplied for the use of the Officers of the Division, have been compelled to bring the subject under the consideration of the Commandant of Artillery.

2. After perusal of the papers it appears to the Commandant of Artillery that these unsatisfactory proceedings are chiefly due to the Commanding Officer not having recognized his responsibility to Artillery Head Quarters through the General Mess Committee, the duties of which are discharged under the immediate orders of the Commandant, and as it is believed a plea for this may be supposed to exist

in Rule 29 of the Mess Regulations, which admits of Local Mess Committees, as well as Commanding Officers corresponding with the General Mess Committee, in order that hereafter there may be no misunderstanding in respect to the responsibility of Commanding Officers under the provisions of para. 18* of G. O. C. C. No. 82, dated 13th December, 1853, not only for maintaining Messes established in the Regiment, but for the solvency of the same, the Commandant of Artillery directs that all periodical returns be provided by Commanding Officers, with whom alone is the General Mess Committee to correspond on subjects connected with the local messes or regarding debts which may be due by Officers who are doing regimental duty.

3. The following is substituted for Rule 29 of the Mess Regulations.

"29. The Secretary will correspond with Commanding Officers of Artillery at Stations regarding debts due to the General Mess Fund by the Officers of the Corps who are "doing regimental duty, and on other subjects connected "with the local messes."

A. O. No. 21, 12th April, 1855.—I. Applications for General Numbers for Puckallies and Bheasties are hereafter to be made in the subjoined form, in place of the registers forwarded in conformity with A. O. No. I of the 31st October, 1845.

* "An Officer on his succeeding to the command of a Corps should thoroughly examine into the state of the Mess accounts and must continue to exercise a strict supervision of them. Any defalcations and malversations of the Mess Funds, not brought to notice on his assuming command and which a proper control on his part would have at once detected, he is personally liable for, and for such debts as may be incurred through improvidence and extravagance whereby the Mess becomes insolvent, all its members—those only referred to in para. 14 excepted—are equally liable. Every Commanding Officer must thus see the necessity, not only with reference to his own pecuniary liability but as he values the interests of the Officers under his command, of fully acting up to the letter and spirit of this regulation. It is his duty especially to observe that no expenses are incurred which would involve the Officers in difficulty, or the Mess in debt,—and he is required strictly to enforce the regular monthly settlement of all Officer's accounts on each issue of pay: Officers leaving the Corps on furlough or sick certificate being required to make satisfactory arrangements for the liquidation of their Bills so as to secure the Mess from loss in case of any unforeseen contingency."

With report of the Military Auditor General, dated 14th May, 1855. A.

The Right Honorable the Governor in Council observes that as the duties of the Artillery Division Staff at Saint Thomas' Mount are liable to be increased, rather than diminished, upon the removal of Troops or Companies, consequent on their details left at the station falling to the charge of the Division Staff Officer, his allowance* of Rupees (35) thirty-five per mensem, should not be dependent upon the number of Troops or Companies at the Mount as at other stations.

OUR GOVERNOR GENERAL OF INDIA IN COUNCIL.

Para. 1. We received on the 25th ultimo an` announcement that, at the recommendation of the President of the Board of Commissioners for the Affairs of India, the General Commanding-in-Chief would advise the Queen to declare it to be Her Majesty's pleasure that Officers of the East India Company's Army shall have every where rank and precedence with officers of Her Majesty's Army/according to the dates of their respective commissions.

2. We expressed, in reply, our sincere gratification at this announcement, and we observed that the result would

No. 383.

To the Commandant of Artillery,

Sir,

In reply to your letter No. 555, dated 2d instant, I have the honor, by order of the Commander-in-Chief, to inform you that the intention of the G. O. to which you refer, was to give Commanding Officers the power of forming their own judgement in regard to the soldier's claim to Gratuity, but it was not intended thereby to lower the standard of good conduct requisite to establish the claim : which was former-

ly mainly dependent on the mere fact of a man having escaped conviction by Court Martial during the preceding 12 months.

I have the honor to be, &c.

Adjutant General of the Army.

Note.—The proper authority to authenticate the Extracts from the proceedings of every Court Martial for the Courts Martial Book, is the Commanding Officer of the Regiment or Battalion to which the Soldier tried belongs, except in the case of a Soldier tried when serving with a Detached Troop or Company, when the Officer Commanding the Troop or Company will authenticate the Extracts as the Commanding Officer of such Soldier for the time being, provided he shall not have been furnished with Extracts signed by the Officer Commanding his Regiment or Battalion.

2. The sheets applicable to the case of each man serving with a Detached Troop or Company, or permanent Detachment, should be in the custody of the Officer Commanding it, and carefully preserved by him in a Guard Book as Official Regimental Records, except in the Artillery where there may be at a Station, more than one Troop or Company, but not the Head Quarters of the Brigade or Battalion of which such belong, or may for the time be attached; when the office of Staff Officer of Artillery at the Station is the proper place of deposit.

3. On the occasion of a man being transferred from one Corps, or in the Artillery, from one Detached Troop or Company to another, the sheets of the Court Martial Book headed with his name should accompany him.

The original Proceedings of all Regimental, including Regimental Detachment Courts Martial, Detachment Courts Martial (held under the 114th Article of War for the Honourable Company's European Troops and Native Line Courts Martial) are to be kept in deposit at the Head Quarters of Regiments, or in the Artillery at the Head Quarters of the Horse Brigade and of Battalions of Foot, bound in volumes as heretofore.

5. Officers Commanding Detached Troops or Companies will forward the Proceedings of Courts Martial inferior to General, to the Head Quarters of their Regiment, Battalion

or Brigade, (that they may be entered in the Register of Courts Martial) so soon as the requisite Extracts have been made, whence they will be forwarded to their proper place of deposit.

6. The Extracts forming the Courts Martial Books will be adduced in evidence of previous convictions by Courts Martial ; with exception that at the Head Quarters of Regiments, or of the Horse Brigade or Battalions of Artillery, the original Proceedings of Regimental and Regimental Detachment Courts Martial should be produced as proof of convictions by these descriptions of Courts Martial.

7. The Proceedings of all detachment or Line Courts Martial, held under the 114th article of the Articles of War for European Troops, and the 80th article of War for Native Troops, now in deposit at Stations, are to be forwarded by Officers Commanding Stations to the Officers Commanding the Regiments or Corps to which the individuals tried belong, should they not be received in a reasonable time, Officers Commanding Regiments and Corps will apply for the same.

8. It will be understood that when necessary, previous convictions by General Courts Martial may be proved by the printed General Order, from the Adjutant General's Office promulgating them.

The present mode of keeping Courts Martial Books is intended to have effect from the 1st January 1851.

STAFF OFFICERS APPLYING FOR LEAVE IN INDIA ARE NOT REQUIRED BY THE NEW FURLOUGH RULES TO VACATE THEIR STAFF APPOINTMENTS.

G. O. G. No. 237, 18th September 1855.—The following General Order by the Honorable the President of the Council of India in Council, is republished for the information of the Army.

GENERAL ORDER BY THE HONORABLE THE PRESIDENT OF THE COUNCIL OF INDIA IN COUNCIL.

Fort William, 4th September 1855.

No. 904 of 1855.—The following paragraph of a Military letter, from the Honorable the Court of Directors to the Government of India, No. 84, dated 27th June 1855, is published for general information :—

7. Staff Officers applying for leave in India are not re-

Letter dated 5th April 1855, No. 82.

Submit the question whether as Officers are, on their first application for leave of absence on Furlough, to declare whether they will abide by the old or accept the new Furlough Rules. Staff Officers who apply for leave to the Hills, or elsewhere in India are to vacate their Offices like those who take leave to the Cape or elsewhere beyond sea. Government observe, that if this were so, the Rule would have the effect of debarring such Officers from all leave, however short, in excess of the privileged leave of one month in six.

We therefore

approve and confirm the view you have taken of this question.

**MODIFICATION OF THE REGULATIONS ON THE SUBJECT
OF BOUNTY CLOTHING TO NATIVE TROOPS PROCEEDING
ON FOREIGN SERVICE.**

G. O. C. C. No. 52, 21st September 1855.--The Commander in Chief directs it to be notified, that the Honorable the Court of Directors have authorized the following modification of the Regulations on the subject of the issue of Bounty Clothing to Native Troops proceeding on Foreign Service.

Every Soldier is required by the orders of the Service to be supplied with a Cloak at his own expense and Cloth Trowsers are furnished by Government every alternate year. It is therefore left discretionary with Commanding Officers, on their Regiments being ordered on Foreign Service, to indent for other necessaries in lieu of the Bounty Cloaks and Trowsers, the difference of cost, when less, being paid to the Soldier; but Commanding Officers will be held responsible that their men embark with serviceable Regimental Cloaks and Trowsers.

**THE PERIOD OF PROBATION REQUISITE TO ENTITLE A
SOLDIER TO THE RESTORATION OF GOOD CONDUCT PAY
AND BADGES.**

G. O. C. C. No. 53, 29th September 1855.--The Commander in Chief having again had under consideration the question of calculating the period of probation requisite to

entitle a man to the restoration of Good Conduct Pay and Badges, His Excellency directs that the probationary periods specified in paras 22 and 23, G. O. G. 29th June 1848, shall, in all cases, commence from the date on which the offence is committed by the Soldier; except when the punishment awarded is by Sentence of Court Martial, in which case the offender will become entitled to restoration of a Good Conduct Badge and Pay in twelve months after the expiration of his punishment, or release from imprisonment.

2. It is to be understood that in all minor punishments, the commencement is to be calculated in accordance with the rule laid down for Sentences of Courts Martial, viz. from the actual date of the punishment being awarded, any intermediate period that the offender may be in Hospital, Holidays, &c., being reckoned as part of the award.

3. When a soldier having been in the possession of two or more distinguishing marks, commits a second offence within the year, the year's probation towards the restoration of the first forfeiture will begin again to reckon from the date he committed the last offence, if he was punished by his Commanding Officer, or from the expiration of his punishment, if punished by Sentence of a Court Martial.

The G. O. C. C. 2d November 1854, No. 82, is cancelled.

FORM OF CERTIFICATE OF QUALIFICATION IN CIVIL ENGINEERING.

G. O. C. C. No. 56, 29th September 1855.—The Commander in Chief directs that the following Form of Certificate of Qualification in Civil Engineering, be substituted for Form No. 2, laid down in G. O. C. C. No. 67, dated 22d September 1854.

I have also examined Lieutenant A. B. _____ as to his general knowledge of the several subjects treated on in Captain Stoddard's Work of Hydraulic Formulae, &c., required in the Irrigation Department, of which he possesses a competent knowledge.

SIR,—Information having been received at Army Head Quarters of the embarkation for Europe on the 10th instant of Major General George Conran of the Artillery, I have the honor, by order of His Excellency the Commander in Chief to forward for submission to the Right Honorable the Governor in Council, the accompanying brief statement of the Major General's services; from which it will be seen that he has been employed with his Regiment exclusively from

the time of his appointment in the year 1810, to the date of his return to Europe.

2. Lieutenant General the Honorable George Anson deems it unnecessary to dwell upon the career of Major General Conran, whose long and valuable services are generally appreciated. His Excellency however desires to record his sense of the zeal and ability displayed by Major General Conran while under his command, and to add that he considers that the Regiment of Artillery is greatly indebted to that Officer for the high character it has attained, as well as for its general efficiency.

3. It will afford the Commander in Chief much pleasure should his sentiments thus recorded, meet with the concurrence of the Right Honorable the Governor in Council and the favorable notice of the Honorable the Court of Directors.

IV. The following corrections are made in A. O. No. 18
of 1855 dated 20th March.

Para. 12. A "semicolon" to be substituted for the "full stop" at the end of the para, and the following to be added,

—“ but not individuals of extra regimental establishments
 “ attached to detachments, such as Dooly Bearers, Carnatic
 “ Ordnance Artificers, Tent and Store Lascars, Commissariat
 “ Bullock Drivers &c.”

The following is to be inserted as para 14 A.

14 A.—The column “on what occasion” of the weekly report of arrivals and departures prescribed in para 12, must exhibit distinctly *the cause* of movement of each *individual*; the terms “on sick certificate,” “on furlough,” “from on sick certificate,” “from on furlough,” will afford sufficient information in the cases to which they may respectively apply; such terms as “in accordance with”—and “on command,” which are sometimes used in these reports, are not of themselves sufficiently explanatory, it being necessary that the particular purpose on account of which the individual is arriving at or quitting the station be distinctly stated. These instructions apply equally to reports of the movement of detachments, and to reports from one Regimental authority to another.

Para 15. Last line, after “detachments” insert “exceeding 12 rank and file.”

The following are to be inserted as paras 16 A. and 16 B.

16 A.—In reports to Artillery Head Quarters and from one Regimental authority to another, of the departure of Troops, Companies, or detachments, commencing a march, the route by which they are proceeding is invariably to be stated, for guidance in communicating with them; that is, the Military stations or principal native towns through which the route passes are to be mentioned.

16 B.—In reports of arrivals or departures by sea, of individuals or detachments, the name of the vessel is to be stated.

The following is to be inserted as para 37. A.

37 A.—Officers receiving intimation from Civil authorities or from Military authorities unconnected with the Regiment,

of casualties of individuals of any rank borne upon the strength of the Regiment, are to report the circumstance direct to the Assistant Adjutant General of Artillery and to Head Quarters of Corps. This is not however intended to apply to men who become casualties while under the orders of the Town Major of Fort Saint George or in the Presidency General Hospital, intimation being in such cases furnished direct from the Presidency to Artillery Head Quarters.

Para. 42.—The words “ by death,” in the first line, to be erased.

Para. 44.—A “ semicolon” to be substituted for the “ full stop” at the end of the para, and the following to be added,—“ similar reports to be made whenever men who have been “ struck off as discharged, either by Court Martial or otherwise, are readmitted on the strength of the Regiment under “ instructions received through the local authorities ; in all “ such cases a copy of the instructions for the readmission of “ the man is to accompany the report.”

Para. 58. To be altered and to stand as follows.

58. When an estate is divided between two or more individuals, the particulars of the bequests to each are to be distinctly stated in the column “ to whom bequeathed,” and the amount paid to each in the column “ to whom delivered over.”

The following is to be inserted as para 63 A.

63 A.—REPORTS UPON MALT LIQUORS SUPPLIED BY THE COMMISSARIAT DEPARTMENT TO CANTEENS AND COFFEE ROOMS, are to be forwarded to the Assistant Adjutant General of Artillery annually on the 1st January by the Commanding officer of Artillery at each station where these institutions are established ; the reports are to distinguish the kind of malt liquor reported upon and the quantity received during the year ; when there is more than one Canteen or Coffee room at the station, separate reports are to be forwarded for each.

Para 84 to be altered and to stand as follows.

"84. RETURNS OF CORPS AND OF HORSE FIELD BATTERIES, are to be compiled on the 1st of each month, from the latest information, for the Assistant Adjutant General of Artillery; five days are allowed for the preparation of the Returns of Corps for the months of March dated 1st April, June dated 1st July, September dated 1st October, and December dated 1st January, all others must be despatched within the period prescribed in para 49. The returns for the Assistant Adjutant General of Artillery of Horse Field Batteries serving within the coast are to be transmitted through the Head Quarters of the Corps to which they belong, but are not to be detained by the Commanding Officer of the Corps more than one day; those of Batteries serving beyond sea are to be transmitted *direct* to the Assistant Adjutant General of Artillery."

Para 94. The following is to be inserted under the head "Periodical-direct to Army Head Quarters."

"Annual—"Statement of service
"to be attached to Re-
"turns of Corps and
"Horse Batteries for
"the month of April,
"furnished to the
"Adjutant General of
"the Army." } 1st May. } Memorandum from Adju-
tant General of the Army
dated 3d November 1852.

Para 94. The following is to be inserted under the head "Periodical to the Assistant Adjutant General of Artillery" immediately before the line commencing "Returns of disease &c."

"Report upon Malt liquors
"supplied by the Commissariat Department to Caf-
"teens and Coffee Rooms
"of Artillery." } 1st January } Para 63 A of this order, and
circular No. 1041 dated 18th
September 1855 from Assistant Adjutant General of Artillery.

Para 94. Head "Miscellaneous"—right hand column.

- 3d Clause—insert "14 a," after, "13" and "16 a, 16 b," after "16".
 4th " "14 a," after "14," and "16 b," after "16".
 5th " "16 a, 16 b," before "18."
 7th " "16 a, 16 b," after "15."
 11th " "37 a," after "37."
 13th after "deserters" insert "and discharged men."

Para 94. The following is to be inserted after the 5th clause under the head "To the Director of the Artillery Depôt."

Annual—Return of Books of Instruction and Regulation, by Officers Commanding Corps, and by Officers Commanding Artillery at Stations of Books in use with Artillery Staff.

Para 94. Same head,—the clause—“Quarterly”—“Return of Books of Instruction &c. &c.” to be erased.

This rule is inapplicable to General Officers and Briga-

diers, whose tour of Command is limited by existing regulations to one tour of five years.

Present occupants of Staff appointments will not be affected by this rule until the expiration of five years from the 23d of March 1855, when the rule limiting the tenure of Staff Employment was published in General Orders; unless in consequence of promotion, they are required to vacate the appointments sooner under the regulations of the Service as already in force.

The General List of Lieutenant Colonels of the three Presidencies as now existing will remain unaltered, and by it the Government of India will be guided in making promotions to the rank of Colonel, as directed in the Hon'ble Court's despatch No. 34, dated 21st of February 1855, promulgated in General Orders No. 410 of the 4th of April 1855. But henceforward promotions of Lieutenant Colonels to be Colonels, whether to supply casualties in ordinary course, or under the provisions of the new system of promotion will be made in the three Presidencies without reference to the relative rank of the Lieutenant Colonels in the Armies of Fort St. George and Bombay, with that of the Lieutenant Colonels of the Bengal Army.

WRITERS ALLOWANCE TO BE DRAWN WHEN REGIMENTAL MEANS ARE NOT AVAILABLE IN PREPARING PROCEEDINGS OF COMMITTEES.

G. O. G. No. 255, 9th, October 1855.—The Governor in Council is pleased to direct, with reference to G. O. G. 16th February 1836, No. 31 and para 1, head "Writers and Stationery," Section 19 of the Pay Code, that whenever at Posts or Stations the Head Quarters of a Single Corps, it may happen that Regimental means cannot be made available for the purpose of preparing the proceedings of Committees of a general nature, such as those specified in the above orders; an allowance may be drawn for the employment of a Writer, in the same manner as is now authorized at Stations where there are two or more Corps.

2. Commanding Officers will, however, in such cases be careful to append to the Abstract for Writer's allowance, an additional certificate to the effect that Regimental means could not be made available for the preparation of the pro-

ceedings; which will be sufficient authority for the Pay Department to disburse the amount as regulated.

REVISED RULES TO BE OBSERVED IN GRANTING CERTIFICATES OF THE AVERAGE PRICE OF RICE TO SUPPORT CLAIMS FOR COMPENSATION.

G. O. G. REGARDING THE RECEIPT OF EVIDENCE OF PREVIOUS CONVICTIONS ON COURTS MARTIAL AFTER A REVISION OF ITS PROCEEDINGS BY THE COURT.

G. O. C. C. No. 62, 31st October 1855.—The Commander in Chief having observed that a difference of practice exists with regard to the receipt of evidence of previous convictions and general character on Courts Martial after a revision of its Proceedings by the Court, His Excellency directs it to be intimated, that where a Court Martial, whether European or Native, has originally acquitted a Prisoner of the Charge or Charges preferred against him, and on revision convicted him of one or more of the same, it is considered unobjectionable for the Court to receive such evidence. But if the Court has originally found the Prisoner guilty of one or more of the Charges before it, and omitted to receive the evidence in question, it cannot on revision remedy the omission.

RULES FOR THE ISSUE OF WORKING PAY TO EUROPEAN AND NATIVE SOLDIERS, NOT OF THE SAPPERS AND MINERS.

No. 1166 of 1855.—Under instructions from the Honorable the Court of Directors, the Honorable the President of the Council of India in Council is pleased to prescribe the following Rules for the issue of Working-pay to European and Native Soldiers not of the Sappers and Miners.

1. Whenever the Public Service may require it, Soldiers are liable to be ordered by the superior Officers on Working-parties as a duty.

2. When it is necessary to employ them as artificers or labourers in the construction of Military works, and the Military services required by the Ordnance or other Departments of the Army, they shall receive, in addition to their Military pay, the following rates of Working pay.

European Non-Commissioned Officers and Privates,

per diem..... 4 Annas.

Native Non-Commissioned Officers and Privates... 1 Anna.

3. The hours of actual labor are six, and the Soldiers will be paid in proportion for any greater or less number of hours they may be employed on each day ; provided, however, that where a certain quantity of work is allotted to each party as a fair quantum for any specified time, as in constructing Field-works, or at Sieges, the party shall receive pay for the

number of hours in which the work ought to be executed, whether executed in less or more time than allotted.

4. The Field Pay Master will make the required advance to the Chief Engineer of the Field Force, who will disburse the Working-pay to each party through the Officer immediately superintending it, on receiving from him a Certificate that he is satisfied with the work of the men.

5. It is to be thoroughly and clearly understood, that Working-pay is only to be granted for the performance of duties of the nature specified in Article 2, or in cases that may appear to the superior authority to be deserving of special consideration, and that the pay is not claimable by Soldiers employed in throwing up temporary works, necessary to strengthen the position or insure the safety of Troops in Camp, or in the Field, when the bodily exertion of every individual of every rank must be commanded to facilitate the operations, and when the use of the entrenching tools is as essential for the defensive, as that of the Musket and Bayonet is for the offensive operations of the Army.

6. These rules refer more particularly to the Bengal Army, but they are applicable to the Armies of the other Presidencies also, on occasion of their employment on Foreign Service conjointly, with each other, or conjointly (as respects either of them) with Bengal Troops.

7. If however Madras Troops other than Sappers be engaged in such conjoint service, the undermentioned scale of Working-pay for a working period of six hours will be issued in lieu of the rates sanctioned in para 2, viz.

in all proofs carried on under their orders, copies of which are invariably to be forwarded, without delay, to the Artillery Depôt for the Commandant's information.

2. Gunpowder.—The diameter of each shell used at proofs of Gunpowder will be carefully taken, and recorded in the proof report, the ranges obtained with each shell will also be inserted, and verified by a reference to the number of the shell. Uniformity in the weight and gauge of the shells used will be carefully attened to; the sphericity of the shells also being accurately ascertained, so that all the ranges may be obtained under similar conditions.

Shells used for proof of powder or Artillery practice will be brought up to the following weights:—

13 Inch.....	lbs. 203
10 „	„ 90
8 „	„ 46
5½ „	„ 16
4½ „	„ 8

3. Ordnance Carriages.—When proving Ordnance Carriages, Mortar Beds, or Ordnance, the actual diameters and weights of the shot or shell used, and the diameters of the bores of Ordnance, should be inserted, attention being given to select projectiles of uniform diameter, weight, and sphericity, also to note the extent of the windage, which should not be great when testing Ordnance and Carriages.

SIR,

In acknowledging the receipt of your letter of the 4th October 1855, I am instructed to annex in the margin the decision of Government under date the 17th ultimo, No. 3083,

on the subject of the communication under acknowledgment.

2. In receiving the foregoing orders of Government for the payment of 6 months Batta as a special grant in consideration of the losses of private property sustained by the men composing the detachment of the B. Company 1st Battalion on board the H. C. Steamer "Pluto" in the hurricane off the coast of Pegu and the Tenasserim Provinces on the night of the 22nd April 1854, Major General Blundell avails himself of the opportunity to communicate to the Regiment the Garrison order by the Officer Commanding Moulmein, in which is made known the handsome testimony borne by the Officer Commanding the Troops on board the Steamer, to the fine conduct of the men composing the detachment on the occasion.

"Extract from orders by Lieutenant Colonel Wahab Commanding Moulmein, 28th April 1854.

*"Garrison Order I.—Major Wheeler H. M. 29th Regiment
"of foot Commanding the Detachment on board the H. C.

"our of a detachment of the B. Company 1st Battalion Ma-
"dras Artillery and of Private Shaik Moodena No. 708 D.
"Company 30th Regiment M. N. I., to whose exertions*

"directed by Lieutenant Georges 30th Regiment N. I. and "the Officers of the 'Pluto,' it is in a great measure under "Providence ascribed that the vessel was preserved from "foundering in a hurricane on the night of the 22nd. Instant, "Lieutenant Colonel Wahab has much pleasure in recording "in orders the high sense he entertains of their manly and "highly praiseworthy conduct, and while he sympathises "with them in the loss of the whole of their property, he "cannot but rejoice that they have been preserved by an Al- "mighty hand from such imminent dangers and brought "back in safety to this port. Much commendation is due "to Major Wheeler himself for his personal exertions and "presence of mind in directing others on this very trying oc- "casion.

3. As the service performed by this detachment is deserving of the highest commendation of the Commandant of Artillery, Major General Blundell directs the publication in A. O. of the roll of the detachment, in order that the exemplary conduct of each of those who have thus contributed to maintain the character of the Regiment, may be acknowledged in the Permanent records of the Regiment.

substituted for "Harness," the Waggons being ordinarily drawn by Bullocks, not by Horses. " maining 6Waggons will be kept ready loaded in the Magazine on which each "Troop and Battery is dependent, together with the Yokes, "Trace, Chains, &c., and every necessary equipment for "their immediate issue. They will be altogether under the "charge of the Commissary of Ordnance, who will be held "responsible for their efficiency."

9. "It will be the duty of the Officer Commanding the Artillery Division to inspect these Waggons from time to time, and to satisfy himself that they correspond in number and description with the Troops and Batteries dependent on the Magazine."

11. "Exclusive of the above proportion of Ammunition, the Field Park on all occasions of Service is to have 100 rounds per piece in reserve for every Battery with the Force, and in the nearest Magazines (or a few days march from the Army) 150 rounds more per piece are to be held in readiness for issue if required."

12. When orders are given to hold Troops in readiness for Field Service, the Officer Commanding the Artillery will exercise the discretionary power vested in him and bring to the notice of the Officer appointed to Command the Force,

"any addition he may consider necessary to the established proportion of Ammunition or Stores for the particular Service on which the Troops may be proceeding, and if concerned in by the latter Officer, the Military Board are authorized to pass such emergent requisitions, reporting the circumstances for the information of Government."

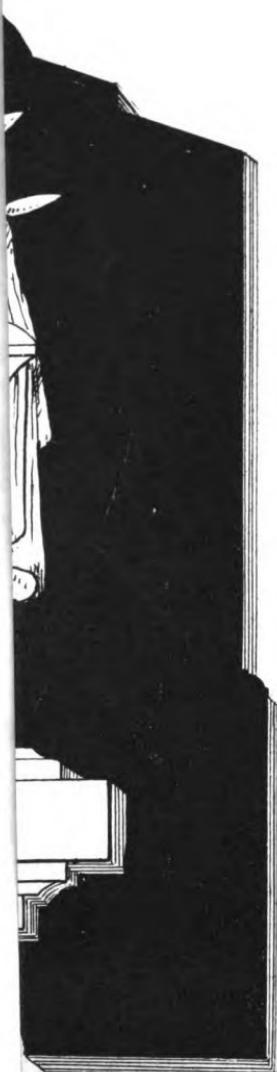

2. The Commissary General will arrange for the Cattle with Drivers required for the draught of the second sett of Waggons referred to in the 8th para, being at all times kept complete and in readiness for immediate Service at the Station where the Magazine is situated, in the proportion of 10* Bullocks per Waggon of the entire equipments for the Troops and Batteries dependent upon it.

3. When the nature of the Service on which the Troops or Batteries are liable to be employed may render Horse draught preferable to Bullock draught for the second sett of Waggons,—Horses, Harness, and the other necessary equipments are to be provided in substitution of Yokes and Trace Chains, &c.

4. Inspections as required by para 9, will also be made by the Senior Officer of Artillery at Stations not the Head Quarters of Artillery Divisions at which there are Magazines (as Mhow, Jaulnah and Cannanore) who will bring to the notice of the Officer Commanding the Station and of the Officer Commanding the Artillery in the Division any thing which he may observe affecting the efficiency of the Waggons and their equipments. The inspections of the Waggons in Magazines is to be made monthly both at the Head Quarters and at the out Stations of Divisions.

3. The valuable services of Major Black, Assistant Adjutant General of Artillery, have so frequently been recognized by former Commandants, that it leaves Major General

AN OFFICER PROCEEDING ON LEAVE TO ENGLAND FOR SIX MONTHS, NOT TO BE CONSIDERED AS HAVING TAKEN HIS AUTHORIZED FURLough.

G. O. G. No. 102, 1st April 1856.—The following General Order by the Right Honorable the Governor General of India in Council, is republished for the information of the Army.

GENERAL ORDER BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, 18th March 1856.

No. 462 of 1856.—The Right Hon'ble the Governor General of India in Council directs that the following paragraph of a Military Letter from the Hon'ble the Court of Directors to the Government of India, No. 8 dated 23d January 1856, be published in General Orders:—

Para 8. We have to state in reply to your enquiry, that

Letter No. 213, dated 29th September 1855.
Government forward correspondence relative to certain questions connected with the new Furlough Regulations and request to be informed as to claims of an Officer to the residue of his Furlough on private affairs when he has been already absent on leave to England on private affairs for six months.

an Officer proceeding on leave to England for six months, retaining his appointment or otherwise, is not to be considered as having taken his autho-

ritized Furlough after ten or twenty years, as the case may be, but may, with your permission, be allowed at any time to take the remainder of the two years' authorized Furlough on private affairs.

INTENTION FOR WHICH, LEAVE OF ABSENCE TO STAFF OFFICERS WITH HALF STAFF ALLOWANCES FOR SIX MONTHS, IS BESTOWED.

G. O. G. No. 119, 15th April 1856.—The following Notification from the Calcutta Gazette, is republished in General Orders.

Fort William, Foreign Department, 4th April 1856.

No. 1884.—The grant of leave of absence to Staff Officers, on Medical Certificate, with half Staff Allowances, for six

months, and with the privilege of returning to their Offices, if their absence from India be not prolonged beyond fifteen months, is bestowed by the Hon'ble Court, in order to enable such Officers to regain their health, and in the expectation that they will be thereby qualified to render additional service to the Government. But if leave of absence be taken merely to run out a prescribed period of service, and without any intention of returning to duty, the principle on which the rule is founded is infringed, and the indulgence of the Hon'ble Court is abused: wherefore the Right Hon'ble the Governor General in Council hereby notifies for general information, that, if there be an avowed intention on the part of an Officer not to return to duty, or if the Government have valid grounds for concluding that the Officer has no intention to return to duty, the indulgence of leave on sick certificate, retaining Office, will not be granted in future.

OFFICERS ON FURLough IN EUROPE TO ACQUIRE A KNOWLEDGE OF THE USE OF THE MINIE RIFLE.

G. O. G. No. 126, 25th April 1856.—The following Extract from a letter from the Hon'ble the Court of Directors in the Military Department, No. 23, dated 5th March 1856, is published for the information of the Army.

1. "We have to inform you that in order to give Officers who may be in this country on furlough the opportunity of acquiring such knowledge of the use of the Minie Rifle as will enable them on their return to India to instruct others in the use of that weapon, we applied for and obtained the sanction of the Field Marshal Commanding in Chief for the admission of a limited number of the Company's Officers to the school of Musketry at Hythe.

2. "It is our intention to keep up a class of six Officers at this school, composed of Officers of some standing in the Service, whose furloughs may be within a few months of expiring. The time occupied in the course of study and practice is from two to three months."

DECISION OF THE HON'BLE COURT OF DIRECTORS, ON THE PROPOSITION OF ABOLISHING RULE 3 OF THE NEW FURLough REGULATIONS.

G. O. G. No. 128, 25th April 1856.—The following General Order by the Right Honorable the Governor General of India in Council, is republished for the information of the Army.

GENERAL ORDER BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, 11th April 1856.

No. 586 of 1856.—The Right Hon'ble the Governor General of India in Council is pleased to direct that the following Extract from a Military Letter from the Hon'ble the Court of Directors to the Government of India, No. 177, dated 19th December 1855, be published for general information :

Para 2. Under the new Rules, Officers absent from duty, *Letter from the Governor General, dated 28th September 1855.* are allowed to count,

A memorial transmitted from Lieutenant William Williamson, 41st Native Infantry, praying
1st.—That Rule 3 of the new Furlough Regulations may be cancelled; and 2d, that leave in India on Medical certificate, or on any urgent private affairs, may be allowed to reckoned as service, as was and is still the case under the old Rules.

to a prescribed extent, time of absence as service for the Pension on full

pay, whether the time has been passed in Europe, or at the Cape, or at the Sanatorial Hills, or elsewhere; and in order that Officers then in the service might have the *immediate advantage* of this Rule, they are, by Rule No. 3, allowed its benefits retrospectively as well as prospectively. Thus, Officers who previously could not count any portion of the time spent in Europe as service for the Pension, are enabled to do so; and they claim, in consequence, a rate of Pension which could not otherwise have been claimed in some instances until after two, three or four years of additional service. Of those who have retired on full pay since the Rules were es-

tablished, a considerable proportion have claimed and received this advantage.

3. On the other hand, Officers who had spent such lengthened periods at the Cape of Good Hope or elsewhere within Indian limits, as exceed the privileged time allowed by the new Rule, have to consider whether it will be for their advantage to adhere to the old Rules, and in many instances have determined to do so in virtue of the option allowed to them.

4. If Rule 3 were to be abolished, as now proposed by your Government, the effect would be that Officers adopting the new Rules, who had taken their leaves of absence at the Cape and elsewhere within Indian limits, with the enjoyment of Indian Allowances, would count all that time for the Pension, whilst those who had taken their furlough to Europe with Regimental Pay only would be deprived of any such advantage.

5. We cannot admit that this change would be satisfactory, neither can we approve of still further increasing the privileged time of absence by adding to it all leaves of absence in India. We must therefore decline to comply with the prayer of Lieutenant Williamson's memorial.

ORDERS RESPECTING THE CLOTHING OF EUROPEAN RECRUITS, AND CASUALTIES IN EUROPEAN CORPS.

G. O. G. No. 133, 29th April 1856.—In conformity with the practice in Bengal, and with reference to paras 69, 78, and 79 of the new Clothing Code and para 2 of G. O. C. C. No. 73 of the 20th December 1855, the Right Honorable the Governor in Council is pleased to publish the following orders with respect to the Clothing of European Recruits, and Casualties in European Corps.

2. Every Recruit shall on being first posted receive Clothing as last issued to his Corps, and on the 1st January following he shall receive the regular Clothing then issued to

the Regiment. No Recruit is therefore to be supplied with part worn Clothing but will receive new Clothing.

3. Every Soldier on being struck off the strength of a Corps is at liberty to take with him his Clothing in wear i. e. the clothing last issued to him, such Clothing not being required for issue to Recruits.

4. The Clothing in wear of deceased men must be returned into store, and reissued, when required, to replace Clothing which has been accidentally destroyed &c.

NATURE OF CASUALTY TO BE NOTED IN ABSTRACTS FOR COMPENSATION IN LIEU OF CLOTHING.

G. O. G. No. 136, 29th April 1856.—In submitting Abstracts for compensation in lieu of clothing, under G. O. G. No. 57, dated 19th February 1856, the Right Hon'ble the Governor in Council directs that the nature of Casualty, whether by death, pension or discharge, be noted in the Abstract.

A. O. No. 5, 7th April 1856.—I. It having been intimated from Army Head Quarters that it is not considered necessary to supply copies of the new clothing Regulations, at the expense of Government, to Troops or Companies which are stationed at the Head Quarters of Artillery Divisions, and that copies for the use of Troops or Companies stationed elsewhere are to be made over on relief to the relieving Troop or Company, it is notified that a supply of these regulations received at Artillery Head Quarters, will be distributed as follows, and that they are to be considered as supplied for the general use of the Troops and Companies at the station, and are invariably to be handed over and a receipt for them taken on occasions of reliefs. These copies are in addition to those already supplied for the use of the Head Quarters of Corps.

A. O. 12th April 1856.—I. The Commandant of Artillery having observed that men have been permitted to wear beards, and that "Imperials" are worn by some of the Officers of the Regiment, which practices are at variance with the orders of the Commander-in-Chief, directs that the chin be cleanly shaved by Officers and men, and that the hair and whiskers be kept trimmed within reasonable bounds.

CIRCULAR.

No. 3840.

FORT SAINT GEORGE.

Accountant General's Office 15th March 1856.

To.

Lieutenant Colonel W. P. MACDONALD,
Paymaster at the Presidency.

SIR,

The Post Master General, in reply to a reference made to him by this office, has stated as his opinion, that cash receipts for sums recovered on account of any of the service funds, should be transmitted "bearing postage." Under this view it seems that all communications &c. addressed by you to the Secretaries of the respective funds, cannot be regarded as on the public service *only*, and should likewise be sent "bearing postage," and that their letters &c. to you must be "stamped." It will also be proper for you, whenever it may be necessary to address this office respecting any of the funds, to forward the letters on the subject under a cover to the respective Secretaries, for transmission by them to this department. The letters thus forwarded by you should be sent "bearing postage," the amount payable will then be disbursed from the resources in the hands of the Directors or Trustees. If the communications be sent direct, as heretofore, to this office, there are no means here of defraining the postage. The letters &c. from this office to your address on account of any of the funds will, in like manner, be sent to the Secretaries with a view to their transmitting the same to you "stamped," which will save the charge of postage on them, which will be incurred if they be sent direct to you from this office "bearing postage."

2. Under the present postal rules letters partially on the public service bear postage: none but letters *on the public service only* can be sent by post franked: and even these are charged, in account to the departments concerned.

3. You will have the goodness to communicate this circular to the Officers Commanding the Regiments within your range, on whose account you transact business connected with their mess or band funds.

I have the honor to be, &c.

(Signed.) G. L. PRENDERGAST,
Acting Accountant General.

Letter No. 62 from 2d Lieutenant S. H. E. Chamier, Commanding Detachment of Artillery on Field Service, to the Assistant Adjutant General of Artillery St. Thomas Mount, dated, Pahpoon, 23d April 1856.

Sir,—I have the honor to report for the information of the Brigadier Commandant of Artillery, that on Tuesday the 22d Instant at about 4 o'clock P. M. we arrived at the right bank of the river Yaunzaline opposite Pahpoon, the Head Quarters of Mee Loung, the head of the rebellious Kareens. A spy of ours, who had returned from his camp, pointed out a white flag at about 700 yards distant from us, on the other side of the river in the midst of a range of hills which he said was over Mee Loung's Pagoda and camp. I was directed by Captain Moore of H. M.'s 35th Regiment who commands the force, to be prepared to shell them next morning. The plan of attack was, that the Infantry should cross the river which is only about 30 yards broad here, by a bamboo bridge, to be made by some Burmans at night, and when half way up the circuitous road leading to Mee Loung's position they were to sound the "Commence Firing" when we were to fire shells, spherical case and rockets over their

heads at the Flag Staff, and to continue so doing until they sounded the "Cease Firing," when we were to run our guns about 60 paces to our right, and leaving them in charge of a guard of 30 Sepoys, we were to act as Infantry, and rush up the hill by another road to the right to prevent the rebels escaping by it. The day was breaking, and we had just placed our howitzers and rocket tube in position (and the Infantry had not yet got under arms), when a volley of musketry was poured into our camp from the jungle on the other side of the river, which was quickly answered by us, and a sharp fire was kept up for some minutes. Whilst this was going on, on our left, we heard a great number of men rushing down from the hill (by a road which reaches the bank of the river about 20 yards to our right) yelling loudly, so we loaded the guns with canister immediately and gave them a couple of rounds of canister, which made them retreat rapidly. The jungle was too thick to admit of our seeing them, but by the sound of their voices they could not have been more than 150 yards from us. We then fired several charges of canister into the party which was firing at the Infantry, and all was silent. The Infantry then crossed the bridge, and started up the hill. When they were about half way up, the bugle sounded and we commenced firing shells, spherical case shot and rockets over them at the flag staff, nothing could have been more satisfactory than the practice with the howitzers, every round was well laid and with the exception of one shell, and one spherical case shot, every one burst almost immediately over the flag staff, which was on the Pagoda. The shell and spherical case shot, were afterwards found on the Pagoda minus their fuzes. With the exception of the first rocket, which was a little too hastily laid, the practice with them was most satisfactory. After the Infantry had sounded the "Cease firing" they advanced up the Pagoda parapet, but every soul had fled. After we had taken the guns over to the Sepoy guard we advanced up the road to the right as had been previously arranged, but found that

the rebels had taken the road to the right, northward over the hill, leaving a number of small articles of warfare after them in their hurry, in the shape of bows, poisoned arrows, gongs, &c. They are supposed to have been about 500 strong that morning, though from accounts given to the Assistant Commissioner, they have some time mustered 2000 men, including camp followers. They however seem to have left a few men in the jungle, for the purpose of annoying us, as our rear guard was afterwards fired upon by them. We have however cleared the neighbourhood of them now, and they appear to have separated and fled in different directions. We have destroyed the Pagoda and houses. The march has been most trying to the men, but their conduct from the day we left Shoay Gyeen has been most exemplary and praiseworthy.

For the style of country we have been going over, nothing could have been more suitable in the way of Artillery than the mountain train guns. Two Elephants carry the two guns complete, with ease over the steepest hill, and with the daily practice we have had, the men mount, and dismount them from the Elephants in the course of a very few minutes.

We leave this to-morrow en route to Shoay Gyeen, whence the force proceeded.

The Infantry portion consisted of one Company of H. M.'s 35th Regiment, and one Company of the 18th M. N. I.

MILITARY DEPARTMENT,

Extract from the Minutes of Consultation, 2d May 1856.

Read the following letter.

No. 251.

From,

The Secy. to the Government of India, Mily. Department.

To,

The Secretary to Government, Military Department.

FORT SAINT GEORGE.

Sir,

In reply to your letter No. 382 of the 9th February last, I am directed to acquaint you, for the information of the Right Honorable the Governor in Council of Fort Saint George, that the Government of India are of opinion that when soldiers' wives, entitled to the Government allowance, are absent on private service in Europe or elsewhere, the forfeited allowance cannot be drawn for any other soldier's wife who may not be in receipt of the allowance on account of being in excess of the authorized number.

2. In reply to the second question submitted in your letter, I am directed to observe that the circumstance of a soldier's wife being admitted to the subsistence allowance qualifies her children for it also, every European soldier being entitled as a right to subsistence for his children if their mother be in receipt of the allowance,—an additional woman without her children cannot therefore be admitted when any one of the Soldiers' wives within the authorized number, is under any rule permanently excluded from the allowance.

I have the honor to be &c.

 The 8th April 1856. } Secy. to the Gov. of India Mily. Dept.

(Signed) C. A. BROWNE, Colonel.

Secretary to Government.

A. O. 19th May 1856.—1. Memo. No. 29.—With the sanction of the Commander-in-Chief, the following is to be added to Section XXVI. of the General Regulations of the Artillery, as para : 15.

15. “Staff Non-Commissioned Officers are ineligible for “employment in any situations in the Regiment other than “those for which they hold their rank:—a staff Non Com-“missioned Officer must therefore resign his staff situation “and revert to the position of Serjeant of a Troop or Compa-“ny, before he can accept employment in any of the remu-“nerated non-effective staff situations of a Division of Artil-“lery, or as Provost Serjeant, or Canteen Serjeant.”

III. By G. O. G. dated 13th May 1856, the Right Honorable the Governor in Council is pleased to make the following appointment.

Major George William Young Simpson of the Artillery, Director of the Artillery Depot of Instruction, to be Superintendent of the Gun Powder Manufactory, vice Brevet Lieutenant Colonel Anstruther.

2. Brigadier Shirreff has been associated with Major Simpson for a very brief period, but he has had ample time and opportunity to form such an estimate of his professional character as enables him to add (with great pleasure) his testimony to that of Major Generals Conran and Blundell, by both of whom his valuable services and great merit have been most favourably noticed in Artillery Orders.

3. The Brigadier congratulates Major Simpson upon his having been selected to fill the important and responsible position of Superintendent of the Gun Powder Manufactory, and while greatly regretting the loss sustained by himself as well as the Corps generally, by that Officer's removal from the sphere of his late usefulness, (the Artillery Depot of Instruction,) the Commandant cannot but rejoice at the opportunity now afforded to Major Simpson for the exercise of his acknowledge zeal and ability, for the benefit, not only of his own Regiment, but of the Army generally.

A. O. No. 9, 26th May 1856.—III. In conformity with instructions which have been received from Army Head Quarters, in consequence of its having come to notice in connexion with some complaints preferred to an Inspecting Officer by the Horse Battery Drivers of a detachment of the Regiment, that the Officers doing duty with the Battery had only occasionally been required to attend stables, the Commandant directs that the instructions for the superintendence of the stable duties of the Horse Batteries in Pegu, contained in the following extract from a letter from Artillery Head Quarters, be attended to in all Horse Batteries.

“The Commandant of Artillery directs that the same amount of supervision be given to these important duties which is given in the Horse Brigade; that is, in Cantonment one Officer at morning stables, and all Officers at evening stables,—and in the Field or on the March, all Officers morning and evening;—in addition to this, subordinate superintendence should be provided, by each Division of the Company giving a Serjeant or Corporal during stable hours and midday feed,—the practice will tend to much advantage generally by pronoting a good feeling between the Company and men of the Battery, and specially by familiarizing the Drivers with the Non-Commissioned Officers of the Company, to whose immediate orders they are subject on all occasions of the Battery and Company being paraded together.”

RULE AUTHORIZING THE IMMEDIATE DISBURSEMENT OF CHARGES DUE ON ACCOUNT OF BOAT HIRE.

G. O. G. No. 182, 6th June 1856.—The Right Honorable the Governor in Council is pleased to direct that Para 46 of G. O. G. 29th April 1856, No. 129, be cancelled, and that the following be substituted for it.

“Charges due on account of Boat hire are to be disbursed at once, on the responsibility of Officers authorising them, their final adjustment being effected by Bills checked and passed by the Officer of the Quarter Master General's Department, or other embarking Officer on the spot, whose countersignature to the Bills is to be considered by the Pay Department as sufficient authority for their being discharged.”

REGARDING THE FORFEITURE OF ALLOWANCES OF OFFICERS NOT REJOINING FROM ON PRIVILEGE LEAVE.

G. O. G. No. 193, 13th June 1856.—The Right Honorable the Governor in Council is pleased to direct the publication of the following Bengal rule, and to sanction its extension to the Officers of this Presidency.

“Should an Officer who is on privilege leave not rejoin his Corps, but be absent in continuation, on not more than five months' leave on private affairs, or one year and eleven months' leave on Medical Certificate, he will retain his full salary or allowances for the thirty days of privilege leave, which will also count as Service, but he will, nevertheless, forfeit all Military Allowances on completing six months or two years absence, (as the case may be) reckoned from the date that he quitted his Corps and station.”

ATTENTION CALLED TO THE RULES REGARDING THE RECEPTION INTO FIELD OR REGIMENTAL HOSPITALS OF CERTAIN CLASSES OF THE PUBLIC ESTABLISHMENTS.

* G. O. G. 1st October 1852, No. 198.
Directing that Dooly Bearers, Bullock Drivers, Commissariat Servants and other public Establishments, when seriously indisposed or wounded be received into Field or Regimental Hospitals, but that care be taken that no person is sent to such Regimental or Field Hospital, whose appearance indicates that his complaint is of a trivial nature.

G. O. C. C. No. 29, 18th June 1856.—His Excellency the Commander in Chief calls particular attention of Officers con-

cerned to the order noted in the margin* and directs that its provisions be strictly attended to in future.

RULE REGARDING THE TRANSMISSION OF APPLICATIONS FOR DETACHED EMPLOY &c. BY OFFICERS IN ANY DEPARTMENT OF THE STAFF.

G. O. C. C. No. 31, 20th June 1856.—Applications for detached employ, or for appointments on the Staff of the Army are to be transmitted to the Military Secretary to the Commander in Chief, through Commanding Officers of Corps, or through heads of Départments, when the applicants happen to be employed in any Department of the Staff.

The transmitting Officer will give his opinion on the qualifications of the applicant, especially stating whether he has received from him that support and assistance which in his situation in the Corps or Department he ought to have afforded.

A statement of Service must also accompany all applications of the above nature.

A. O. No. 10, 3d June 1856.—I. With reference to G. O. C. C. 27th May 1856 No. 23, it has been intimated from Army Head Quarters, that when, after conviction by Court Martial, the punishment is wholly remitted by competent authority, the soldier is to be considered in all respects as if no trial had occurred, excepting that the conviction in which the punishment has been remitted may be brought in evidence against him on a subsequent trial as a previous conviction.

A. O. No. 11, 4th June 1856.—I. The following extract from a letter No. 1018 dated 23d May 1856 from the Superintendent and Agent for Army Clothing to the Adjutant General of the Army is published for general information and guidance.

“With regard to the Clothing of 1855 I beg to state that “it was not due as stated * * * on the 1st January 1855: “it was only issuable on the 1st January last, the Clothing

"of the Army being still continued to be issued in arrears
 "and not in advance. The para which the Commandant of
 "Artillery quotes in support of the opposite view being only
 "applicable to Recruits newly enlisted, and not to the whole
 "Army"

" This will be further evident from the annexed extract

" Article 69 of the Code is the only one in
 "which any mention is made of Clothing
 "being issued in advance and it clearly
 "refers to men provided with clothing
 "since enlistment under those Regulations,
 "and certainly does not authorize
 "any change or additional issue of Clo-
 "thing to men at the time in the service.
 "In no other part of the Code does there
 "appear to be any reference to the Clo-
 "thing being issued in advance."

" from a letter from the Govern-
 "ment of Bengal communicated
 "in extract Minutes of Consul-
 "tation, Military Department,
 "No. 3116 of the 20th Novem-
 "ber last. For this reason also

" the clothing of 1856 will only be issuable in January 1857
 "and cannot * * * be said to have been due on the
 "1st January last."

A. O. 14th June 1856.—IV. In accordance with instructions received from Army Head Quarters relative to the recommendation of Native Officers of the Gun Lascar establishment for the "Order of British India,"—A. O. No. 3 of 1856 dated 27th March is cancelled, and the following is to be substituted for para 66 of A. O. No. 18 dated 20th March 1855.

66. DESCRIPTIVE ROLLS OF NATIVE OFFICERS of the Horse Brigade and Golundauze, whom the Commanding Officers of those Corps may select for recommendation for the "Order of British India," are to be forwarded to the Assistant Adjutant General of Artillery for transmission to Army Head Quarters as soon as practicable after the 1st of May of each year. These Rolls are to contain *two* names only, and are to be prepared in accordance with the instructions contained in para 27 Section XXV page 357, General Regulations of the Army, amended by G.O. C. C. 9th February 1856.

66. A. Similar rolls containing reports upon *the whole*

of the Native Officers of the Horse Brigade, Golundauze, and Gun Lascars, are to be forwarded to the Assistant Adjutant General of Artillery for the information of the Commandant.

66. B. Officers Commanding Battalions will indicate in the column for remarks of the rolls of Gun Lascar Native Officers, the two Officers of their respective Corps whom they consider most deserving of being recommended for the "Order of British India,"—from these rolls two of the Native Officers of the Gun Lascar establishment will be finally selected by the Commandant for recommendation to Army Head Quarters for the above distinction.

GENERAL ORDER BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

No. 922 of 1856.—With reference to Government General Order, No. 1275, of the 10th December 1855, the Right Hon'ble the Governor General of India in Council is pleased to direct that the following Military letter from the Hon'ble the Court of Directors to the Government of India No. 75 of the 21st May 1856, be published in General Orders.

Military Department, No. 75 of 1856.

OUR GOVERNOR GENERAL OF INDIA IN COUNCIL.

Reply to letter dated 21st December 1855, No. 283.

With reference to the instructions which provide that the time of service during any period exceeding one month passed in command of Regiments by Senior Majors who are also Brevet Lieutenant Colonels may count towards the three years required to qualify a Lieutenant Colonel to be promoted to the rank of Colonel, Government observe that this rule is the same as in H. M.'s service, but that as the constitution of all the Company's Regiments, excepting the European Infantry Corps differs from that of H. M.'s Infantry Regiments in having only one Major, they request early instructions as to the precise meaning to be attached to the term *Senior Major*.

Having considered the proper mode of bringing this rule into operation in the Company's service, we have decided that on becoming senior Regimental Majors in the Arms of the service to which they

respectively belong at each Presidency, or when their seniors as such have been promoted to the rank of Colonel, Regimental Majors being Brevet Lieutenant Colonels shall be allowed to count the time passed in Regimental command as specified in the Regulation towards the three years required to qualify a Lieutenant Colonel for promotion to the rank of Colonel.

2. Letters brought by Men to the orderly room for despatch by post are invariably to be received by the Serjeant Major at an hour to be fixed in orders, or in detached Companies by the Pay Serjeant, and registered in a book to be kept for that purpose in every orderly room:—this book is to shew from whom the letters are received and on what date, to whom addressed and at what place, the amount of the postage stamps affixed, and of payment in money in the case of letters for Europe and the Colonies, or whether bearing postage, the date of despatch to the post Office, and the

name of the orderly by whom taken ;—the Serjeant Major or Pay Serjeant as the case may be is to affix his initials to each despatch.

3. Post Office receipts for letters on which men have paid the registration fee are to be handed over to them.

G. O. G. 23d Nov. 1855, 21. With the view of further marking meritorious conduct, and of inciting other Soldiers to imitate such conduct, it is directed that upon awarding to such soldiers the above Gratuity, they shall be entitled to wear a Silver Medal, having on one side the words " For long service and good conduct," and on the other side, the Company's Arms, with the name and rank of the Soldier. This medal will be delivered to the Soldier by the Commanding Officer of the Regiment on Parade, and shall be worn by him as an honorable testimonial of approbation of his conduct, during the remainder of his service.

G. O. G. 23d Nov. 1855,
No. 293 para 10

22. The Commander-in-Chief will notify to Government the names of the Individuals to whom these Gratuities and Medals have been periodically awarded, in order that sanction may be given to the investment of the amount of Gratuity in the Regimental Saving's Bank and the Government upon receiving a Notification that the individuals are about to be discharged with such Gratuity and Medal, will, through the Honorable the Court of Directors, so far as is practicable, notify to the Parishes to which the men belong, the honorable distinction which has been conferred on them.

G. O. G. 20th June 1854,
No. 141, para 2

23. The Annuity is receivable in any position a Serjeant may attain while serving in the Army, or after his discharge from the Army, with the sole exception of his being raised to the rank of a Commissioned Officer.

G. O. G. 20th June 1854,
No. 141, para 3

24. A Warrant Officer is entitled to wear the Medal and to receive the Annuity which may have been granted to him as a Serjeant.

No. 141, para 4

25. A Warrant Officer or a Non-Commissioned Officer or Soldier on Staff employ, whether in any Department or Public Office, retains his Medal granted to him while serving with his Regiment, and becomes entitled to his Gratuity on receiving his final discharge.

G. O. G. 20th June 1854,
No. 141 para 5.

26. A man does not forfeit his Annuity, whether discharged or not, and preserves his right to the Gratuity, whenever discharged, although he may have accepted or have been appointed to Staff employ before the recommendation is approved by the Commander-in-Chief or Government and before his discharge.

G. O. G. 20th June 1854,
No. 141, para 6

27. The Medal "for long service and good conduct," with the Gratuity, and that "for meritorious conduct" with an Annuity, cannot be held by the same individual. In cases, therefore, when the latter may have been awarded to a Non-Commissioned Officer already in possession of the former he will be required to relinquish that, which carries with it the smaller pecuniary award and in no case can the Annuity and the Gratuity be continued to the same individual.

G. O. G. 20th June 1854,
No. 141, para 7

28. The only forfeiture either of the Medal and Annuity, or of the Medal and Gratuity is miscon-

duct proved before a Court Martial, or conviction of felony by a Court Martial or a Court of Civil Judicature, but the Annuity and the Gratuity lapse by the man's obtaining the higher reward of a Commission either unattached or on the Veteran Establishment.

G. O. G. 12th June 1855,
No. 157 para 3. 29. In all cases where punishments awarded by Courts Martial are wholly remitted by competent authority, Non-Commissioned Officers and Soldiders are to be considered, in all respects, as if no trial had occurred and are eligible for the honorary rewards sanctioned by the Good Conduct Regulations.

No. 157 para 4. 30. Warrant and Non-Commissioned Officers, on promotion to a Commission, are entitled to retain the Medal "for meritorious service" or "for good Conduct," which may have been awarded to them, although the Annuity or Gratuity lapses by promotion.

A. O. No. 14, 19th August 1856.—I. With reference to G. O. C. C. dated 17th August 1855, publishing revised regulations for Canteens of European Corps, the Brigadier Commandant of Artillery directs that the following instructions for the preparation of the accounts of all Canteens of the Regiment, be published for general information.

MEMORANDUM OF INSTRUCTIONS FOR PREPARING THE HALF YEARLY CANTEEN ACCOUNTS.

1. The following instructions are to be carefully attended to in the preparation and examination of the half yearly accounts of Canteens.
2. The accounts are to be thoroughly examined previously to despatch.
3. When accounts are sent back for correction, the pencil check marks made at Artillery Head Quarters are not to be rubbed out.
4. Whenever it may be found necessary to re-prepare any part, either of the accounts or of the Memo. of stock, on their being received back for correction, the pages originally submitted are invariably to be returned to Artillery Head Quarters with the re-prepared ones, and with the pencil examination remarks unremoved.

“ ACCOUNT CURRENT.”

5. This is simply a Cash Account, and is to exhibit nothing but the actual disbursements and receipts of money during the half year.
6. In order to reduce the size of the accounts as much as possible, the receipts and disbursements for three months are to be entered on each page as shewn in the form, whenever it can be done without crowding or unnecessary minute writing.

7. On the Dr. side are to be entered all disbursements of cash as they take place each month ; every entry should afford the fullest information as to the quantity of the article, and

the rate at which purchased,—general terms such as “Beer,” “Cheroots,” “Tea,” and “Coffee,” without specifying these particulars, are to be carefully avoided. The expenses of the establishment and all incidental charges are also to be entered in the fullest detail.

8. On the Cr. side are to be entered all receipts of money in each month ; the entries of articles sold are to be made in detail in the measure or quantity and rate *at which they are actually retailed*, viz. drams for Spirits and Wines, pints or bottles (as the case may be) for Beer and Porter, and cups for Coffee, &c.

9. At stations where the currency is of daily variation, as at Secunderabad and Jaulnah, a fixed exchange is to be maintained in the Canteen, so as to avoid the use of cents or fractions in the retail rates in the accounts, any profit or loss caused thereby being shewn separately at the close of each months account.

10. “BALANCE AT CREDIT” AT CLOSE OF ACCOUNT CURRENT.—This is the balance of cash in hand and in the Bank, and should correspond exactly with the amount of the funds actually in the Cash Chest and in the Bank at the close of the half year.—If this be attended to, no errors in the cash account, can, under ordinary circumstances, escape detection prior to the despatch of the accounts ; when the recorded balance of cash on hand has to be altered on the accounts being received back for correction, in consequence of errors in amounts entered as having been paid or received, it *must* be presumed, either, that the balance actually in hand had not been counted and compared with the accounts before their despatch, or, that the regulations relative to the check of accounts daily by the visiting member of the Committee, and the custody of the funds, are not properly carried out.

“ABSTRACT DR. AND CR. ACCOUNT.”

11. “DISBURSEMENTS DURING THE PAST HALF YEAR.”—To be taken from the Account Current.

12. “BILLS UNPAID.”—This is the amount actually remaining unpaid at the close of the half year, for articles of consumption purchased and *delivered* at the Canteens and

brought to account as stock in the past, or any preceding half year, the particulars of this amount are given in detail in the separate memorandum forwarded to the Assistant Adjutant General of Artillery.

13. "BALANCE AT CREDIT."—This is the actual balance in favor of the fund, not the balance of cash in hand : should it so happen that the balance is against the fund, it must be entered on the other side of the Abstract Dr. and Cr. account as balance at debit.

14. "BALANCE FROM LAST HALF YEAR IN CASH."—This is the amount of the balance of cash in hand and in the Bank at the close of the preceding half year.

15. "RECEIPTS LAST HALF YEAR."—To be taken from the Account Current.

16. "SALEABLE STOCK ON HAND."—This is the value of the saleable stock actually remaining on hand, and is to be taken from the N. B. of stock.

"PARTICULARS OF BALANCE."

17. "SALEABLE STOCK ON HAND DEDUCTING BILLS UNPAID."—This is the difference between the value of saleable stock and amount of bills unpaid, both of which are given in the Abstract Dr. and Cr. account.

18. "IN MADRAS BANK."} Should correspond with
"IN HAND." } the amount of the cash balance at Credit at the end of the Account Current.

19. "BALANCE IN FAVOR OF THE FUND."—The total of the preceding amounts, and should correspond with the "Balance at Credit" in the Abstract Dr. and Cr. account.

20. Should the value of the stock on hand be less than the amount of "Bills unpaid," the latter amount must be deducted from the total of both the stock on hand, and cash in the Bank and in hand.

"N. B." OF STOCK.

21. This is an abstract of the stock account for the half year, and should exhibit the value at prime cost of all stock received, sold, issued gratuitously, and lost by wastage or breakage ; and of the quantity remaining in store at the close of the half year.

22. All entries in this part of the accounts are to be made at *cost price*.

23. "STOCK AT CLOSE OF LAST HALF YEAR."

"STOCK PURCHASED DURING THE HALF YEAR."

"STOCK SOLD DURING THE HALF YEAR."

"SALEABLE STOCK ON HAND AT CLOSE OF HALF YEAR."

The particulars of these amounts are to be specified in detail in the separate memorandum which is to accompany the accounts to Artillery Head Quarters.

24. "WASTAGE," "BREAKAGE," AND "GIVEN FOR SPORTS."—The quantities, rates, and value of each article of stock struck off under this head are to be entered in detail : all gratuitous issues of stock which may have been authorized during the half year are to be accounted for in this part of the accounts.

"DESCRIPTION OF ARTICLES SUPPLIED AND THEIR RATE."

25. The retail rates of every article sold in the Canteen during the half year are to be specified ; when the same article has been issued at various rates the same are to be shewn.

26. Columns headed "per dozen" and "per gallon" are not to be used, as no liquors are retailed in these quantities.

"MEMORANDUM OF CANTEEN PROPERTY."

27. All articles are to be entered alphabetically.

MEMORANDUM OF RECEIPTS, ISSUES, AND REMAINS OF STOCK, AND OF BILLS UNPAID.

1. A memorandum (forms Nos. 7 and 8) exhibiting all receipts, issues, and remains of Stock, and accounting for the increase or decrease in the amount of Bills unpaid, is to be forwarded with all Canteen Accounts to Artillery Head Quarters. This memorandum is to be prepared separate from the Canteen Accounts and no allusion or reference is to be made to it in any part of them, it being intended to facilitate their examination at Artillery Head Quarters, and not for transmission to Army Head Quarters ;—a copy of it is to be recorded in the books of the Canteen.

2. The following instructions are given for its preparation.

3. The stock account is to be prepared from the *monthly*

accounts of receipts, issues, and remains of stock :—the value of all articles is to be entered at *prime cost*.

4. “STOCK IN THE CANTEEN AT CLOSE OF LAST HALF YEAR.”—The total quantities of each article are to be entered in one line, with the total value, but without any particulars as to the value of each.

5. “STOCK RECEIVED DURING THE HALF YEAR.”—All articles of stock are invariably to be brought on the books when received, not when paid for, and a note entered opposite to each article in this statement shewing the month in which it was paid for, or, if not paid for during the half year for which the accounts are rendered, a remark to that effect is to be recorded instead.

6. “TOTAL STOCK RECEIVED DURING THE HALF YEAR.”—Requires no explanation.

7. “TOTAL OF STOCK AT CLOSE OF LAST AND RECEIVED DURING CURRENT HALF YEAR.”—Requires no explanation, being merely the total of two lines.

8. “STOCK SOLD DURING THE HALF YEAR.”—The quantities entered here as sold must correspond with those in the account current, but with the *cost*, not the *retail*, prices affixed.

9. “BREAKAGE, WASTAGE, & GIVEN FOR SPORTS.”—The particulars of these items are ordered in para 24 of these instructions to be entered in detail, both in respect to quantities and rate of each article, in the N. B. of stock ; it is therefore only necessary to enter the total quantities of each article and the value of the whole collectively in this statement, which can be done in one line.

10. “TOTAL.”—Requires no explanation.

11. “STOCK REMAINING ON HAND AT THE CLOSE OF THIS HALF YEAR.”—The quantity, cost, rate, and value of each article to be shewn ; the total value of the whole should be the same as given in the N. B. of stock of the accounts.

“STATEMENT OF BILLS UNPAID.”

A. O. 23d August 1856.—I. The Brigadier Commandant of Artillery has great pleasure in publishing to the Regiment, the subjoined testimonials regarding the professional knowledge and zeal displayed by Lieutenant (Captain) W. C. F. Gosling and Lieutenant C. Desborough, lately employed with the Artillery of the Turkish Contingent.

Pera 6th June 1856.

The Artillery Force of the Turkish Contingent having been broken up, I cannot allow Major Gosling, late Assistant Adjutant General of Artillery, to quit his appointment without returning my very best thanks to him, for the able manner with which he has discharged the duties of his important post; and, by his abilities and great general knowledge of his profession, as well as a thorough acquaintance with the peculiar duties of the chief staff office of Artillery, he has aided most materially in bringing the Corps and departments under my command to the high state of efficiency to which they had attained.

RULES FOR THE PROTECTION OF GOVERNMENT IN CASES OF APPLICATION FOR GRATUITIES TO THE FAMILIES OF LASCARS, COOLIES &c.

FORT ST. GEORGE, 2D SEPTEMBER 1856.

No. 28.

**FORT WILLIAM, FINANCIAL DEPARTMENT,
the 4th July 1856.**

NOTIFICATION.—The Right Honorable the Governor General in Council is pleased to issue the following Rules

for the protection of Government in cases of application for gratuities to the families of Lascars, Coolies and other workmen in the service of Government, who may happen to be killed or to die in consequence of wounds or accidents sustained in the execution of their public duties :—

RULES.

1. No application for a gratuity shall be received from the family of a deceased workman, unless he died within 6 months from the date on which the wound, or the accident which is supposed to have caused his death, was received.
2. Applications shall be confined to cases in which the deceased may have left a widow, son, daughter, father, or mother, dependant upon him for support.
3. All claims shall be subjected to a regular enquiry by the Officer at the head of the Department in which the deceased was employed.
4. The claimants shall appear personally before the said Officer, and witnesses (unconnected with the claimants if possible) shall invariably be examined in attestation of the validity of the claim. When the evidence of relatives or connections is taken, a note to that effect shall be entered upon the proceedings and in all cases the witnesses shall be warned to confine their evidence to circumstances within their own knowledge, and be made to understand that they will be liable to trial and punishment, in the event of their evidence proving to be false.
5. The proceedings shall be drawn up in the form annexed, and shall contain a concise but full record of the evidence by which every claim is supported ; the designation and duties of the deceased ; the nature of the accident or injury which caused his death, and the precise degree of relationship and condition of the person or persons claiming the bounty of Government in consequence.
6. In cases where two or more survivors within the de-

grees of relationship specified in Clause 2 may be entitled to a gratuity under these Rules, the claims of each shall be fully investigated, and the preference accorded in the following order :

2. Widow.
3. Daughter (legitimate.)
4. Father.
5. Mother

7. The gratuity admissible under these Rules shall in no case exceed the maximum limit of six months' pay of the deceased, nor be invariably assigned at that amount, but be regulated according to the duties of the deceased, the circumstances attending his death, and the condition and prospects of his surviving relative or relatives.

8. The above Rules, although specially intended to provide for the adjudication of claims to gratuities on the part of the families of men killed in the execution of their duties, who are not entitled to pensions under the Rules and practice of this Presidency, shall also be held applicable in the investigation of claims to pension on the part of the families of persons employed in the Gun powder manufactory, the Khedda Establishments, and others engaged in duties involving unusual hazard and of claims to pension preferred under Clause 6 of the Uncovenanted Pension Rules of Jauuary 1831.

9. The Government by no means binds itself to issue gratuities in all cases, nor in cases of pension to grant them for life.

Military Department.

No. 117 of 1856.

OUR GOVERNOR GENERAL OF INDIA IN COUNCIL.

Para 1. Referring to the several communications received from your Government relating to the promotion to the rank of Colonel of Lieutenant-Colonels who had obtained leave of absence from India prior to the 23d March 1855, we have

now to announce to you that the sanction of the Queen has been given to the following Regulation, as concurred in by the Secretary of State-for-War and by the Field Marshal Commanding-in-Chief ; viz. :—

“ That all Regimental Lieutenant-Colonels who quitted “ India on Furlough prior to the 23d March 1855, but who “ had previously commanded Regiments as Majors or Lieu-“ tenant-Colonels, or performed other equivalent Military “ duty in the situations prescribed in the Royal Warrant of “ 6th October 1854, for not less than two years, shall be pro-“ moted to the rank of Colonel when they shall have held the “ rank of Lieutenant-Colonel for 3 years.”

“ Lieutenant-Colonels by special Brevet for distinguished “ conduct in the Field who quitted India on Furlough prior “ to 23d March 1855, but who had previously done duty in “ that rank for not less than two years, to be in like manner “ promoted to the rank of Colonel when they shall have held “ the Brevet rank of Lieutenant-Colonel for 6 years.”

“ The time passed on leave of absence in India, and which “ had been granted prior to 23d March 1855, to be also al-“ lowed to reckon as Service.”

“ In cases of leaves of absence commencing after the 23d “ March 1855, no longer period than one month in each year, “ or a total of 3 months in 3 years or 6 months in 6 years, “ shall be allowed to reckon whether the leave shall have been “ spent in India or out of the Country, except in cases of “ wounds or illness contracted by service in the Field duly “ certified by a Medical Board, when each case will be sepa-“ rately considered with reference to the time to be allowed.”

“ The above Regulation to be applicable to Lieutenant-“ Colonels of Her Majesty’s Troops serving in India, as well “ as to those of the East India Company’s Service.”

2. You will take immediate measures for carrying this Regulation into effect, so far as relates to the Service of the East India Company.

3. We now forward for your information and guidance copy of a letter and its enclosure, received this day from Major General Sir C. Yorke, K. C. B., on the subject of the claim of the Indian Army to Line Promotion under the arrangement contained in the Royal Warrant of 6th October 1854, in succession to Colonels promoted to complete the Establishment of General Officers of that Army on the 28th November 1854.

HORSE GUARDS,
22nd July 1856.

W. LEACH, ESQUIRE,

SIR

With reference to the correspondence which has taken place on the subject of the claim of the Indian Army to Line Promotion, under the arrangement contained in the Royal Warrant of the 6th October 1854, in succession to Colonels promoted to complete the Establishment of General Officers of that Army on the 28th of November 1854, and particularly to the List of Lieutenant-Colonels of the East India Company's Army who would have been promoted to the rank of Colonel from the 28th of November 1854, had the promotion been made under that arrangement, and which List was forwarded with your letter of the 28th ultimo, I am directed by His Royal Highness the General Commanding-in-Chief, to acquaint you, that his predecessor Field Marshal Viscount Hardinge having observed by that List that in point of fact there remain only three Lieutenant-Colonels to be promoted, of whom one (Lieutenant-Colonel Day) has retired from the service, in order to carry out the arrangement, and twenty-three remaining in the service whose appointments will be antedated, His Lordship communicated with Lord Panmure on the subject, expressing his opinion that on this understanding the application might be acceded to.

In this view Lord Panmure has concurred, and I am therefore to acquaint you that there will be no objection to these promotions, and those in the other ranks consequent thereon being made accordingly.

In order to prevent any misunderstanding I enclose a List of the Colonels remaining in the service whose Commissions would be antedated under this arrangement, extracted from the List forwarded with your letter of the 28th ultimo, and of the 3 Lieutenant-Colonels to be promoted, and I am to acquaint you that His Royal Highness considers that this question will then be closed.

I have, &c.,

(Signed) C. YORKE.

G. O. C. C. No. 67, 18th September 1856.—The Commander in Chief directs that the practice of wearing the Sash with the Blue Frock Coat or Shell Jacket shall be discontinued.

Para 5 page 118 of the Dress Regulations is accordingly to be corrected as follows, and corresponding alterations are to be made in the General Regulations of the Artillery and the Infantry Standing Orders.

"The Sash to go twice round the waist and to be tied on the right hip by Artillery, and on the left hip by Infantry, the pendent part to be uniformly 16 inches in length from the tie. It is to be worn *on all occasions* with the Coatee but never with the Blue Frock Coat or Shell Jacket."

INCREASE TO THE ESTABLISHMENT OF No. 2 HORSE FIELD BATTERY.

G. O. C. C. No. 70, 20th September 1856.—Under Instructions from Government, the Commander in Chief directs that the Establishment of No. 2 Horse Field Battery under orders to proceed to Burmah be increased to the same strength as the Horse Batteries now serving there.

On the arrival of No. 2 Horse Field Battery at Thayet Mew, the Horses of the Bengal Horse Battery will be transferred to it.

This Order is to have effect from the 1st October next.

A. O. No. 15, 4th September 1856.—I. Instances having occurred of men removed from one detachment of the Regiment to another, having been permitted to quit their stations without either Passports or Pay Certificates, the Brigadier Commandant of Artillery directs that all men proceeding from one station to another, whether on duty or furlough, be invariably furnished with Passports or extracts of the order directing their removal, and also with Pay Certificates should they have to pass through any intermediate station en route to their destination, where it may be likely they may have occasion to draw pay.

A. O. 5th September 1856.—III. Instructions having been received from Army Head Quarters for the training of a party of men in the use of Rockets, the Officer Commanding Artillery Centre Division is directed to place a detail of 1

Serjeant and 6 Gunners under the orders of the Director of the Artillery Depôt, for instruction in Rocket Drill :—the men selected are to attend regularly until dismissed.

A. O. 12th September 1856.—I. Consequent on the movements ordered in G. O. G. of the 12th ultimo, the undermentioned Batteries will have Companies attached to them as follows

No. 4 Bullock Battery and Kar-	Kamptee.	D Compy.	2d Battn.	To have effect from the date of arrival at Kamptee
No. 5 do.		D	3d "	of the D. Compy. 2d and D. Compy. 3d Battn, Arty.
No. 6 Bullock Battery and Kar-	Saint Thomas' Mount.	C	2d "	To have effect from the
No. 11 do.		C	1st "	1st proximo.

A. O. No. 16, 16th September 1856.—III. Several of the reports made to Artillery Head Quarters, in conformity with A. O. No. 35 dated 13th October 1855, have been observed to be expressed in terms which bear the construction that the Regimental Books &c. of the Corps and detachments reported upon, have not been regularly inspected every month as required by Regulations, but that a single special inspection, to enable a report to be made, has been deemed sufficient. This may, in some cases, be merely owing to inadvertence in the framing of the report, but that the orders on this subject have not been universally attended to, the Brigadier Commandant regrets to say has been brought to his notice in a painful manner, by reports from two distinct quarters, of the Books and accounts of one of the detachments of the Regiment having been neglected in a manner that is now seldom heard of :—it will be sufficient to state, that the information received at Artillery Head Quarters represents some of the most important Books of the detachment to be blank for a period of upwards of eight months ; that the Officer (an Adjutant and Quarter Master,) who had been in charge during the last 4 months of the period, handed over a cash balance of nearly 1700 Rupees on being relieved, of which he could give no balance sheet whatever, nor could he afford any information as to who or what it belonged. The family certificates

and other affairs of the Company, are represented to be in an equal state of confusion.

2. During the first three and last two months of the period in which these occurrences took place, the detachment in question was under the immediate eye of a Field Officer of the Regiment.

3. The Commandant of Artillery therefore feels it incumbent upon him to request that Commanding Officers will strictly carry out the provisions of para 2, Section XLV, of the General Regulations of the Artillery,—these inspections are to extend, not only to the Regimental Books, but also to those of the Saddle Contract, Canteen, and other funds, and to the Small Account Books of the men, and it is to be stated to Artillery Head Quarters, in future reports, under the provisions of A. O. No. ; ; , that the inspections have been made monthly.

4. The Commandant of Artillery further directs that the entries in all the Books, excepting the Letter Book, Diary of letters received, and Order Books, be signed by the Officers Commanding, in the same manner as the documents of which they are copies :—it is of course not intended that Officers who countersign documents shall also sign the Books, nor are the signatures of Commanding Officers who have Staff Officers attached required, the Staff Officer being the person to authenticate by his signature the copy in his records.

5. Commanding Officers are directed to instruct all young Officers under their command in the manner of keeping the established Books of their Troop or Company, and in making out official documents &c., for which purpose they are to be made to attend at the Orderly Room as often as may be practicable, and are occasionally to be required to make out Returns &c. in their own handwriting.

A. O. No. 17, 27th September 1856.—I. It having come to the knowledge of the Brigadier Commandant of Artillery that

the Drivers of the Regiment are not so well attended to, as they ought to be, as regards their foot duties, attention is called to this point, and Officers Commanding Battalions, Companies, and detachments, are requested to be particular in keeping up as much of a soldier like spirit and appearance amongst these men as possible, by having them occasionally at Marching and Saluting Drill.

RULES HERETOFORE IN FORCE IN INDIA NOT AFFECTED BY THE NEW FURLough REGULATIONS.

G. O. C. C. No. 73, 3d October 1856.—1 The Commander-in Chief directs it to be notified that under a decision of the Government of India, the new furlough regulations are held, not to affect the rules heretofore in force with respect to leave in India, and that consequently a Staff Officer obtaining leave of absence in India on private affairs for six months, or on medical certificate for two years, retains during such absence a moiety of his Staff salary as sanctioned by the regulations for the grant of leave in India which are still in force.

2. A Staff, as well as a Regimental Officer is required, when first applying for leave, whether in or out of India, to declare by which of the furlough regulations he wishes to abide. A Staff Officer having made his election can take

his leave in India as above stated, and should he afterwards require to proceed to England, the retention or otherwise of his appointment will depend upon which of the rules he first elected, and from which he cannot afterwards change.

3. In the event of a Staff Officer electing the new furlough regulations and taking leave in India, the whole of the leave he has previously enjoyed from the date of his entering the Service, excepting the periods allowed by those rules to reckon as service, must be reckoned against his period of service for retirement.

With reference to para-s 1 & 2.
M. C. No. 2423, 20th September 1856.

3. An Officer of upwards of 20 years' service, but who before completing that period has enjoyed a furlough on private affairs to Europe, for say four years, for 3 of which he drew pay, has a claim to a second furlough of one year with pay,

on the completion of 10 years from the date of his return to duty—but, if subsequently to his return from furlough, he has taken leave out of India on S. C. his second furlough on private affairs will not be claimable till the expiration of six years from return to duty from such sick leave as well as 10 years from the date of return to duty from furlough on private affairs.

N. B. This rule is not applicable to an Officer who takes his first Furlough out of India after completing 20 years' service; vide para. 4 of this order.

With reference to para 24.
M. C. No. 652, 27th February 1855. 7. It is not imperative on Officers to draw advances under this para:—option is allowed either to take the advance or to draw pay and allowances in arrears in England.

M. C. No. 514, 26th February 1856.

8. In calculating the period of an Officer's absence on furlough in India, the day of departure from a Regiment or appointment is to be reckoned as one of leave, and the day of return thereto as one of duty. In like manner as respects Furlough beyond India, the date on which the vessel conveying the Officer from India puts out to Sea, is to be reckoned as one of Furlough and the day on which he returns to his Presidency as one of duty.

9. An Officer entering the Service and obtaining leave to visit a station not the Head Quarters of his Regiment and to join the Corps to which he is posted, and who actually does join within the period sanctioned by Regulation for the purpose of joining by the direct route, is allowed to reckon such leave as service for pension.

The principle of this rule is applicable to Officers who on return from leave out of India are allowed to visit a Station out of the direct route to the Station to which they belong.

M. C. No. 2702, 20th October 1856.

10. Leave for one month, granted to Officers in Civil employ under Section XI (amended) old Civil Service Absentee Regulations, is not to be deducted from Service, it being considered in the same light as one month in 6 privilege leave granted to Military Officers.

M. C. No. 2702, 20th October 1856.

12. If an Officer is placed on duty while on leave of absence whether on Medical Certificate or private affairs he will be allowed to count as service for pension the whole period

he may be so employed, i. e., from the date of the order nominating him to such duty to the date of the order relieving him, both inclusive.

Rule 33 gives the minimum period of service which entitles an Officer so situated to retire on the Pension of a Captain or Major ; but an Officer who has served beyond those periods is entitled to the benefit of Rule 30 by which extended periods of absence are allowed to reckon, regulated by the length of the Officer's service. For instance an Officer who has served 20 years, and no more, and had only 3 years leave must still perform one year's duty before he can retire as a Captain ; whereas an Officer whose aggregate service is 30 years out of which he has enjoyed leave for 14 years and no more, can retire as a Captain at once.

INSTITUTION OF SOLDIERS' GARDENS IN THE IMMEDIATE VICINITY OF EACH BARRACK RANGE.

G. O. C. C. No. 93, 22d November 1856.—The provisions of the subjoined order having been extended by the Government of India to all Stations at which Soldiers' Gardens have been formed within the limits of the Madras Presidency and Burmah, the Commander-in-Chief directs the publication of the same in General Orders.

G. O. BY THE COMMANDER-IN-CHIEF IN INDIA,
DATED 10TH DECEMBER 1855.

The Commander-in-Chief in India desires to notify, for the information of all European troops under this Presidency,

that with a view to promote the health and recreation of the European Soldiers, by providing amusing occupation for the many idle hours of a barrack life, arrangements were last year authorized, with the sanction of Government, for instituting gardens in the *immediate vicinity* of each barrack range at Lahore, Sealkote, Rawul Pindee, and Peshawur.

The system under which these gardens were established was as follows :

Officers Commanding European regiments, troops, and companies, were directed to engage the voluntary and spontaneous efforts of their men to employ themselves in the cultivation of suitable garden plots, in close proximity to their own quarters ; a space of about 30 or 40 feet broad on either side of the whole length or breadth of the barrack was marked off for the use of each company, and the soil having been turned by the barrack department, the ground was made over for subdivision and allotment to those men who were willing thus to employ themselves.

Gardening implements of all kinds (and seeds) were cordially granted by Government on indent from the public stores and suitable measures at once ordered to be adopted for providing the means of irrigating each barrack garden.

The European troops at the stations named readily availed themselves of the amusement offered, especially the men of the Artillery division at Meean Meer, who applied themselves so cheerfully to the cultivation of the sites allotted, that within a very few months the Commander-in-Chief had the gratification to see their barrack squares, ordinarily so bleak and bare, converted into well stocked gardens of flowers and vegetables ; and at His Excellency's recommendation Government rewarded their industry by the distribution of prizes to the most successful gardeners of each barrack.*

The Commander-in-Chief now desires to see this system generally established as a source of recreation among all European troops, and His Excellency therefore calls on Commanding Officers to use their best endeavours to encourage their men to adopt it without delay, wherever the nature of the ground adjoining their barrack ranges will permit; and having received the assurance of the most cordial and liberal assistance from the Supreme Government, both in the supply of tools and the periodical allotment of suitable rewards, the Commander-in-Chief directs Commanding Officers of European troops who may evince a readiness to avail themselves of this considerate indulgence, to apply officially to the Quarter Master General of the Army for more detailed information as to the precise course they are to pursue in furtherance of the same.

Government have also most liberally extended the same privileges and advantages to all European non-commissioned officers, serving with native corps and companies *at stations where European troops are located*, who may be desirous of participating in them.

It is to be understood that these *barrack* gardens are not intended to supersede or discourage the already formed "soldiers' garden" on a larger scale established at some stations as a place of resort for soldiers and their families for exercise and amusement; but as the distance from the barracks at which *these* have necessarily been established often prevents many men, otherwise willing, from sharing in their cultivation, the Commander-in-Chief hopes the opportunity now offered to afford every man a healthful and cheering amusement at his own door, will be accepted as an earnest of His Excellency Sir William Gomm's warm interest in the Soldiers' welfare, and a desire on his part to relieve the monotony of a barrack life in this country.

A. O. 7th November 1856, I Memo, No. 13.—In accordance with G. O. C. C. No. 67 dated 18th September 1856, the following is to be substituted for para 15, Section XXXIV, of the General Regulations of the Artillery.

“15. The Sash to go twice round the waist and to be tied “on the right hip, the pendent part to be uniformly 16 “inches in length from the tie. It is to be worn *on all occasions* with the Coatee, but never with the Blue Frock “Coat or Shell Jacket.”

A. O. No. 19, 13th November 1856.—I. The frequency of complaints, received from the Military Board, of extreme carelessness and inaccuracy in the preparation of the Monthly lists of Stores &c. in charge of Officers Commanding Troops and Companies, and Regimental departments, obliges the Brigadier Commandant of Artillery to call upon Officers Commanding Brigade and Battalions to give due attention to this important duty.

2. Efforts have been assiduously made of late years, by the Military Board, to simplify and reduce these documents; but such efforts require to be met in a similar spirit by those for whose benefit they are made.

3. The effect of the continued carelessness in their preparation has been, hitherto, to burthen the Audit department of the Board, with an excess of work; which it is incumbent on Officers Commanding to put a stop to.

4. A proper system in keeping the daily journals of transactions is needful, to enable Officers to satisfy themselves of the accuracy of the documents they sign, and are responsible for.

5. The Regimental Staff, before submitting them for the countersignature of the Commanding Officer, is responsible that they have been thoroughly proved correct in his Office, so far as, 1st the alphabetical order, 2d the nomenclature, 3d the due support of entries by vouchers, and 4th the punctuality of despatch.

6. These documents should be forwarded through Regimental Head Quarters, not through Divisions of Artillery—
A. O. No. 18, 20th March 1855, Para 94, Head “To the Director of the Artillery Depôt.”—“Monthly.”

7. A proper attention to the above simple points, will effectually obviate further complaints, and the Brigadier Commandant confidently expects the co-operation of all Officers concerned on the subject.

To,

SIR G. CLERK K. C. B. Secretary India Board.

Sir,

I am directed by Lord Panmure to transmit to you, to be

laid before the Commissioners for the affairs of India, the accompanying copy of a communication from Lieutenant Colonel Crofton, lately Commanding the Osmanli Horse Artillery, relative to the services in that Corps of First Lieutenant G. Carleton of the Madras Artillery, and I am to add that His Lordship will be glad to hear of any mark of approval of the Court of Directors of the East India Company being bestowed upon that Officer.

From,

Lieutenant Colonel G. CROFTON, *Royal Artillery.*

To,

The Right Honorable Lord PANMURE, &c. &c. &c.

My Lord,

I cannot allow Lieutenant Carleton of the Madras Artillery to leave the Force under my command, where he held the rank of Captain and in charge of a Troop, without expressing my very high opinion of his talent as an Officer; he has always been most active and zealous in the performance of the duties entrusted to him, rendering me the greatest assistance in the organization and instruction of the Horse Artillery attached to the Irregular Cavalry, one Troop of which he mainly contributed, by his untiring exertions, to bring to a state of efficiency, for the short space of time under instruction, not to be equalled.

This Officer has now been 13 years in the service of the East India Company and still continues a Lieutenant; I trust therefore that your Lordship will be pleased to take his case into special consideration, and render him that assistance, by your report to the India Board, that may obtain him promotion in his own service, or a Staff appointment (for which I know him to be peculiarly fitted.)

I beg to state I have retained the services of this Officer

till I have completed the handing over the Guns, Stores &c.,
to the Department at Woolwich.

I have had the honor to receive Sir George Clerk's letter of the 11th instant with its enclosure, as received from the Secretary of State for the Department of War, respecting the services rendered to Her Majesty's Government during the late War with Russia, by Lieutenant George Carleton of the Madras Artillery.

In reply I have received the commands of the Court of Directors to state, that they have perused with great satisfaction, the testimonial to the services of Lieutenant Carleton, as contained in the letter from Lieutenant Colonel Crofton lately Commanding the Osmanli Horse Artillery, and that they propose to forward a Copy of that document, and the letter from Lord Panmure giving cover to it, for the observation of the Government of Madras.

WIDOWS OF STORE SERJEANTS OF ARTILLERY ENTITLED TO PENSION AS THE WIDOW OF SERJEANT OF ARTILLERY.

G. O. G. No. 59, 6th March 1857.—The following Extract from a dispatch from the Honorable the Court of Directors is published.

FROM COURT, 17TH DECEMBER 1856, NO. 135.

To Court 25th August 1856, No. 105, 1 and 2. Memorial from Mrs. Catherine Carr, widow of Store Serjeant H. Carr, praying to be granted the pension of a widow of a Serjeant of Artillery, instead of that of the widow of a Serjeant of Infantry.

Para. 10.—Store Serjeant H. Carr, having been an Artillery Soldier, and employed on Artillery duties at the time of his death, his

widow is entitled to the same pension as she would have received, had her husband been then employed on Regimental duties with his Corps. It will be desirable that the rate of pay to Store Serjeants of the Artillery should hereafter be at the Artillery instead of the Infantry rate, and that the difference should be deducted from their Staff pay.

A. O. No. 3, 4th March 1857.—The Brigadier Commandant of Artillery feels it necessary to remind the Officers of the Regiment, that a Battery of Artillery, Horse or Foot, only fulfils the conditions of its service when kept in a state of completeness at all times, to meet any demands on its services.

2. A Battery suffered to enter upon a march for Field service, or relief, more especially one of several hundreds of miles, through a line of country devoid of intermediate Depots of Stores or Ammunition, is utterly incapacitated, meanwhile, to render to the State the return for which so costly an Arm is maintained.

3. The Officer in command of Artillery who orders or

suffers such an arrangement, as well as the Officer in command of the Battery, who, without respectful protest, and instant report to superior authority, exposes himself and his Battery to such a condition of helpless uselessness, incur a responsibility of the gravest consequences.

4. To preclude the future recurrence of such an anomaly as a Battery marching without Ammunition, the Commandant hereby forbids it under any circumstances, except in obedience to the orders of superior authority, enforced, notwithstanding the contrary representations, of the Officer in local command of the Artillery.

A. O. No. 4, 13th March 1857.—The General Mess Committee having represented, on sufficient grounds, the necessity of an increased subscription in order to the stability of the Institution, and to enable it to meet its enlarged liabilities, the Brigadier Commandant of Artillery is pleased to direct * 1½ per cent on Garrison pay and allowances. that, from and after the 1st Instant, the full amount* of subscriptions to the Mess, established in Section XXIII of the General Regulations of the Army, (revised in G. O C. C. No 82 dated 13th December 1853,) shall be paid by all Officers alike who are liable to subscriptions under Regulation, without reference to locality as heretofore.

2. As the subscriptions are now increased with the view to strengthen the General Mess Fund, the Brigadier Commandant directs that a portion, equivalent to the old rates of subscription, be paid to the fund of the Mess to which Officers actually belong, and that the difference between it and the rates now established, be remitted to the General Mess Committee, for the purpose of being carried to the credit of the General Mess Fund.

3. With reference to the foregoing, the following alterations are made in the Artillery Mess Regulations.

Para 3 to be altered and to stand as follows.

“ 3. The subscriptions of Officers to be recovered month-

" ly on the issue of Pay, a portion (vide para 8,) to be paid " to the fund of the Mess to which they actually belong, the " remainder (and, where Messes are not established, the full " amount,) to be collected monthly &c. &c."

Para 8.—The rates of " monthly subscription" to be altered as follows.

	Monthly subscription.		
	Full Amount.		Portion to be retained by Local Messes.

No. 466 of 1857.—Under the authority of the Hon'ble the Court of Directors, the Right Hon'ble the Governor Ge-

neral in Council is pleased to extend to Officers generally, at the three Presidencies, the privilege granted to Officers at Mooltan and Peshawur of being allowed, when the demands of the Service will permit, temporary leave, without pecuniary loss or loss of service, for sixty days consecutively, in the course of each year, or of thirty days consecutively in each half year, as may be preferred by them.

G. O. C. C. No. 12, 21st April 1857.—Officers of the Army are peremptorily prohibited from wearing plain Clothes when employed on duty of any description. On all such occasions the Uniform prescribed by the Regulations is invariably to be worn.

SIR,

In forwarding for submission to the Right Honorable the

Governor in Council, the accompanying letter* from the Brigadier Commandant of Artillery, I have the honor, by order of the Com-

mander in Chief, to state that circumstanced as the Artillery are, (as explained by the Commandant,) His Excellency recommends that joining Regimental Head Quarters at the Mount may be considered sufficient, in the case of Artillery Recruits, to entitle them to their first supply of Clothing, and that joining Battalion Head Quarters may not be insisted on.

No. 2116.

Circular.

To,

The Brigadier Commandant of Artillery.

SIR,

I have the honor, by order of the Commander in Chief, to inform you that Government, under date the 26th February last, sanctioned the introduction into this Presidency of the system which is in force in Bengal, of supplying Clothing to the Army according to the actual size of men in Regiments.

The Commander in Chief directs that strict attention be paid to the preparation annually, on the 1st January, of the size rolls for all ranks borne on the strength of Troops and Companies, who are entitled to Clothing for the year commencing on that date, as on these rolls depends the correct preparation of Clothing by the Superintendent and Agent.

The rolls will be prepared as at present, but instead of the column "size that best fits &c., of Jackets and Trousers," the height of *each individual*, with his chest and waist measurements &c., as shewn in Forms O. and P. page 60 of the new Clothing Regulations, will be entered.

The Commander in Chief desires to impress upon Commanding Officers, that applications for additional expense on account of altering Clothing will not in future be entertained, unless it can be clearly shewn that the Clothing has not been prepared according to the Indents and size rolls furnished by Corps, but if, when it has been supplied in conformity with the Indents and size rolls, the Clothing should fail to fit the men, then His Excellency will hold the Commanding Officer personally responsible for any expense, be-

yond the authorized allowance, that may be incurred in ensuring a suitable fit.

I have the honor to be &c. &c.

G. O. G. No. 151, 26th May 1857.—The following General Order by the Right Honorable the Governor General of India in Council, is republished for the information of the Army.

GENERAL ORDER BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, 28th April 1857.

No. 624 of 1857.—The Right Honorable the Governor General of India in Council is pleased to direct that the practice which has existed of styling the clothing issued on the 1st of January, annually, as clothing for the previous year, shall be discontinued; and that the designation, hereafter, shall be clothing for the year, during which it is intended to be worn. Thus, the clothing to be issued on the 1st of January next, instead of being designated "Clothing for 1857," shall be styled "Clothing for 1858."

It is not intended by this change to interfere in any way with the claims which soldiers may have to clothing, under the old clothing regulations.

3 That it shall be the duty of the Executive Engineer to grant certificates of the value of Quarters according to the foregoing scale; and his decision on this point shall be subject to no other appeal than a reference to the Superintending Engineer, to be made by the Officer Commanding the Corps if he think proper.

4 That no Officer shall be compelled to occupy quarters inferior to those laid down for an Officer of his rank; ex-

5 That any Officer may be allowed, with the permission of his Commanding Officer and concurrence of the Executive Engineer, to occupy Quarters superior to those allotted to his rank without paying more than his Regimental house rent, so long as the Quarters may not be required for any other purpose, and provided there be no other Officer unfurnished with Quarters who could occupy them."

A. O. 1st May 1857.—IV. The Brigadier Commandant of Artillery has the pleasure of publishing to the Regiment, the following testimonial to the abilities and zeal displayed by Lieutenant C. L. Yeoman, while employed with the Osmanli Horse Artillery from 9th July 1855, to 11th August 1856.

" Lieutenant C. L. Yeoman, Madras Artillery, served under my command, as Captain of Horse Artillery attached to the Osmanli Irregular Cavalry in the East, for upwards of twelve months, during which time he displayed much energy and activity.

" The men of the Force were entirely composed of Recruits sent from England, and the Officers were employed as Instructors (in addition to their other duties,) which required them to have an intimate knowledge of the drills and exercises of that branch of the service, and I consider Lieutenant Yeoman to have shewn abilities and qualifications, that, I hope, may entitle him to the Horse Artillery on his return to India."

“ Reference to ascertain the precise meaning of the Court's instructions, that on becoming senior Regimental Majors in the Arms of the Service to which they respectively belong at each Presidency, or when their seniors as such have been promoted to the rank of Colonel, Regimental Majors being Brevet Lieutenant-Colonels shall be allowed to count the time passed in Regimental Command, as specified in the Regulation towards the three years required to qualify a Lieutenant-Colonel for promotion to the rank of Colonel.

* Published in G. G. O. No. 922, of 30th June 1856.

the meaning and intent of our Orders of the 21st June 1856, No. 75,* as expressed in the following Extract from His Excellency's Memo. of the 18th September 1856, is strictly correct, and must be acted upon accordingly, *viz.* :

“ I will however shortly state my views upon the two points submitted.

“ The first appears to me to be clear in so far as that *the senior Major in the Regimental List*, (and in that List alone,) “ if he have the rank of Brevet Lieutenant-Colonel and has “ exercised the Command of his Regiment for three years “ with that rank, is entitled to the rank of full Colonel.”

“ On the second point, that on the promotion of his seniors, as such meaning those on the Regimental List of Majors, to the full rank of Colonel, the Major next in succession to such full Colonels, notwithstanding they may be still only Regimental Majors, if he have the rank of Brevet Lieutenant-Colonel, will, after three years' ser-

"vice in Command with that rank, be also entitled to promotion to the rank of Colonel."

Secretary to Government.

A. O. No. 9, 11th August 1857.—I. It having been brought to the notice of the Brigadier Commandant of Artillery that, in cases where trials by Courts Martial have lasted more than one day, it is the practice in some Corps to insert in the

Monthly Returns and other official documents the first day, and in others the last day, on which the Court assembles, as that of trial ; he directs it to be notified for general information and guidance, that the Judge Advocate General of the Army has decided that the *first* day of the assembly of a Court Martial is the date of trial, but that a Soldier, on conviction, forfeits pay and service up to the date of the signature of the President to the Proceedings, but not inclusive thereof; unless of course in cases where sentences are wholly remitted by competent authority, when no forfeiture of pay or service previous to trial is incurred.

2. Commanding Officers are directed in future, when trials have lasted more than one day, to note in the Monthly Returns furnished to Artillery Head Quarters the date on which the Proceedings are signed by the President, in addition to the date of trial, in order that the calculation of service forfeited previous to trial may be properly checked.

A. O. No. 10, 13th August 1857.—III. Under instructions from Army Head Quarters, the Brigadier Commandant of Artillery is pleased to direct that whenever Trumpet or Bugle Majors, who are effective Serjeants, commit themselves to an extent which, in the opinion of the Commanding Officer, is deserving of more serious notice than simple admonition, the offenders are to be dealt with under the Articles of War.

A. O. 18th August 1857.—1. With reference to G. O. G. No. 182 dated 19th June 1857, and No. 256 of the 14th instant, establishing amended forms of Measurement Rolls for Clothing and discontinuing the system of furnishing Clothing by sizes, the following alterations are made in A. O. No. 32 of 1855, dated 20th September 1855.

Para. 37—the words “ all ranks” to be substituted for “ Native Commissioned and Non-Commissioned Staff and extra sized men.”

Form. No. 9—the words “ Size that best fits &c.” to be

held to apply to Boots only, and the figures "1st 2d 3d" in the columns headed "Dress Jackets" and "Overalls" to be erased, as well as the two entries "vide Measurement Roll &c." in the "Remarks."

The entries in the column headed "Sizes" opposite "Dress Jackets" and "Overalls" to be removed from the "Abstract" at the foot of this form.

Form. No. 10.—“Length of side seam” to be substituted for “Length from the top of the hip &c.” in the last column of the form.

II. With reference to para 4 of G. O. G. No. 133 dated 18th July 1837 and under instructions from Army Head Quarters, it is notified for general information and guidance, that all men who may hereafter be declared unfit for field service on becoming entitled to Gratuity or bounty, are to be brought before the Medical Invaliding Committees without previous reference to Army Head Quarters.

ARRANGEMENTS FOR THE HORSING OF THE LIGHT FIELD BATTERIES OF THE MADRAS PRESIDENCY.

G. O. C. C. No 57, 1st October 1857.—The Government of India having directed the whole of the Light Field Batteries of the Artillery of this Presidency to be Horsed, the Commander in Chief directs the publication of the following arrangements, which have been sanctioned by Government, for carrying out these orders.

Orders for Horsing up to No. 11 Battery inclusive having already been issued, the Horsing of the undermentioned Bullock Batteries, (the only four remaining to be Horsed) will be effected as follows:

No. 5 Battery attached to the D. Company, 3d Battalion is to be Horsed with European Drivers, and numbered 12, as soon as practicable, after its services with the Nagpore Moveable Column can be dispensed with, in the same manner and under similar arrangements as were sanctioned in G. O. C. C. No. 49 of the 9th September 1857, in the case of Nos. 5, 6, 8, 9, 10 and 11 Batteries.

No. 1 Battery attached to C. Company 5th Battalion. } As soon as Eu-
 " 7 do. do to B. do 5th " } ropean Drivers
 " 9 do. do to E. do 5th " } can be provided for Nos. 1, 2, 3, and 4 Horse Batteries, the Native Drivers at present with them are to be removed to

Nos. 1, 7 and 9 Batteries, which will then be respectively numbered 13, 14 and 15 Horse Batteries, such of the Native Drivers as may be in excess of the Establishment of the 3 Batteries, being borne as Supernumeraries until absorbed by casualties.

The Karkhana Drivers and Bullocks of the Batteries now directed to be Horsed will be retained until they can be dispensed with, when orders will be issued regarding their disposal.

OFFICERS OF HORSE FIELD BATTERIES TO BE CONSIDERED ON THE SAME FOOTING, WITH REGARD TO THEIR MUSTERED CHARGERS, AS OFFICERS OF HORSE ARTILLERY.

G. O. C. C. No. 316, 6th October 1857.—The Right Honorable the Governor in Council is pleased to direct, in assimilation with the existing rules under the Bengal Presidency, that, from the 1st Instant, Officers of Horse Field Batteries shall be considered on the same footing, with regard to their Mustered chargers, as Officers of Horse Artillery, and that, accordingly, Horse Allowance at the rates now sanctioned, viz. Rupees sixty (30) per mensem for Captains, and Rupees thirty (30) per mensem for Subalterns and Medical Officers, shall be passed to them, precisely under the same rules which govern the admission of this allowance to Officers of Horse Artillery; but this is not to involve the payment of Horse Allowance to more than the complement of Officers prescribed for Horse Batteries.

2. This Rule cancels so much of the first entry under the head of "Allowances," in Table E on page 70 of the Code of Pay and Audit Regulations, as directs that Horse Allowance is to be drawn by Officers only when actually present with the Battery.

THE FUTURE PROPORTION OF PERCUSSION CAPS FIXED AT ONE SPARE FOR EVERY TEN CARTRIDGES.

G. O. C. C. No. 60, 12th October 1857.—The proportion of five Percussion Caps to every four Cartridges, having

been found to be much larger than necessary, the proportion is in future to be fixed at one spare Percussion Cap to every 10 Cartridges, both for Service and Practice Ammunition.

This reduced allotment requires vigilance on the part of Commanding Officers to prevent any waste of the Caps or other portion of the Ammunition.

CALLING THE ATTENTION OF OFFICERS TAKING UP ADVANCES, TO THE NECESSITY OF AN EARLY ADJUSTMENT OF THE SAME.

G. O. G. No. 348, 6th November 1857.—It having been brought under the notice of Government that very great delay occurs in the adjustment of advances, the Right Honorable the Governor in Council deems it necessary to call the attention of all Officers taking up advances on any account, to the necessity of early adjustment of the same.

Officers are required to bear in mind, that they are personally responsible for the amount and liable to be called upon to refund any arrears remaining unadjusted, should it be proved that unaccountable or avoidable delay has taken place.

Where special advances to Corps have been made for particular purposes unprovided for in the Pay and Audit Regulations, Commanding Officers are bound to make every arrangement for the early recovery and timely adjustment of the same.

Paymasters are however not absolved in any way from the responsibility attaching to them, as to the necessity of using their utmost endeavours to secure the speedy settlement of outstanding advances.

REGULATING THE PRICE AND ISSUE OF MALT LIQUOR TO CANTEENS.

G. O. G. No. 355, 13th November 1857.—The Right Honorable the Governor in Council is pleased to cancel G. O. G. noted in the margin, and to notify that the issue of Malt G. O. G. 9th January 1855, Liquor will from the 1st March 1858, No. 7, paras 5 and 6. G. O. G. 16th November 1855, be regulated by the Imperial measure. No. 288.

The price of Malt Liquor issued by the Imperial measure will be at three annas per Quart or anna one and half per Pint, and no man is allowed to purchase more than one Quart daily and only one dram of Arrack in addition.

The contents of each Hogshead of Malt Liquor should be reckoned at Gallons 53 and Quarts 2 Imperial measure, which when retailed to the Troops at annas 3 per Quart, or anna 1½ per pint, would realize Rupees 40-2-0 per Hogshead, at which rate the Commissariat will supply to Canteens, each cask being filled to the bung.

An allowance will be made for dryage at seven drams per Hogshead per week, on all casks issued from the Commissariat Stores, and in order to ensure a correct account of the same it is desirable that Officers Commanding Corps should indent for Malt Liquor weekly.

Imperial measures will be supplied to Canteens by the Commissariat upon Indent—the first supply being at the expense of Government, but to be kept up by Canteen Funds.

Bottled Malt Liquor will as heretofore be supplied by the Commissariat at annas 2½ per Quart bottle.
